SCENIC RANGE

SCENIC XMOD, SCENIC AND GRAND SCENIC

EXCITEMENT RELIVED EVERYDAY

DRIVE THE CHANGE

THE NEW RENAULT SCENIC RANGE REFRESHED WITH XMOD

Evolution and redesign; redesign of the iconic Scénic. THE original multi-purpose vehicle, which since 1996 has created a whole new way of life on our streets, roads and motorways. The new Scénic XMOD brings a new style and a new attitude to the range.

The new Scenic XMOD has been designed to take on any challenge. Set apart by its crossover looks and with Renault's new design identity, Scénic XMOD is a model that will turn heads. It is always ready for adventure with protective body mouldings, striking roof bars and new wheel rims with Grip Xtend advanced traction control technology.

Four fuel-efficient yet powerful ENERGY engines afford impressive driving performance and a perfectly proportioned 'cockpit' cabin coupled with the Bose® Energy Efficient sound system make for the most exciting driving experience in the Scénic range.

The new Scenic XMOD: innovative crossover technology on the much loved Scénic. Redesigned for men who are more than just dads, ready for their own adventures...

VINCENT CARRÉ, MARKETING DIRECTOR, MEGANE AND SCENIC

SCENIC DNA RECONFIGURED AS A CROSSOVER SPOTLIGHT ON THE SCENIC XMOD

WITH ITS NEW DESIGN FRONT GRILL; MUSCULAR CROSSOVER LOOKS; AND A GLORIOUSLY PROUD RENAULT LOGO, THE SCENIC XMOD WILL MAKE HEADS TURN. HARD-WEARING AND ROBUST, INNOVATION IS IN ITS GENES. STEP INSIDE AND DISCOVER THE WORLD OF THE SCENIC XMOD, IT'S OVER TO YOU TO DISCOVER A NEW WAY OF DRIVING; A NEW ATTITUDE TO LIFE.

RENAULT GRIP XTEND

THE SCENIC XMOD WILL VENTURE WHERE OTHERS WOULD FEAR TO TREAD... THE INTELLIGENT GRIP XTEND TRACTION CONTROL SYSTEM PROVIDES MAXIMUM GRIP IN DIFFICULT DRIVING CONDITIONS*. A THUMBWHEEL POSITIONED ON THE FIXED CENTRE CONSOLE ALLOWS YOU TO SELECT 3 POSSIBLE SETTINGS: "ROAD", "LOOSE GROUND" OR "EXPERT".

1. "ROAD"

The "Road" mode is activated on hard ground, in other words normal terrain (dry, wet etc.)

- ASR optimizes grip by controlling braking on the front wheels and engine torque.
- The wheel that skids is slowed down, and torque transferred to the wheel with the best grip.

2. "LOOSE GROUND"

"Loose Ground" mode should be activated when grip is not optimal e.g. on muddy roads, sand or roads covered in slippery leaves.

- The system takes full control. It lets the wheel with the least grip spin and reduces the torque transferred to the other wheel. Specially designed treads on the Continental "Mud & Snow" tyres aid grip by evacuating mud/sand/snow.
- This mode is operational up to 25 mph. Beyond this, the "Road" mode is automatically reactivated.

3. "EXPERT"

"Expert" mode is activated when the driver wants to take control of difficult driving conditions.

- The driver maintains full control over engine torque.
- In this mode, the driver's action on the accelerator pedal will determine the vehicle's progress over difficult terrain.

*NB: the Grip Xtend traction control system will improve the Scenic XMOD's traction in difficult road conditions, but it is not a 4x4. It does not make off-road driving, cutting across terrain or driving in deep snow possible.

DRIVING PLEASURE: WITH RENAULT

ENERGY ENGINES

FLEXIBLE, EFFICIENT, ECONOMICAL: THE NEW SCÉNIC IS EQUIPPED WITH THE ENERGY ENGINE RANGE. WITH NO FEWER THAN FOUR ENGINES DERIVED FROM FORMULA 1® TECHNOLOGY, THE NEW SCÉNIC COMBINES EXCITEMENT, ECONOMY AND A LIMITED ENVIRONMENTAL IMPACT. AND, GOING EVEN FURTHER IN THE QUEST TO BLEND PERFORMANCE, COMFORT AND ECONOMY.

ENERGY ENGINES: MORE TECHNOLOGY, MORE PLEASURE AND MORE FUEL ECONOMY.

ENERGY engines offer a number of innovations designed to make driving an enjoyable experience while keeping fuel consumption in check. Dynamic, powerful, economical in terms of both fuel and CO₂, these engines – some of which are taken directly from the world of Formula 1® racing – are highly responsive. In terms of driving pleasure nothing is left to chance, whilst their fuel consumption and emissions are on a par with the very best. Downsizing (capacity reduction), Stop & Start and a new energy recovery system on braking and deceleration (Energy Smart Management): innovations that allow the three engines to combine a reduced environmental impact with driving pleasure!

A RANGE OF FOUR WIDELY-PRAISED ENGINES:

- ENERGY TCe 115 Stop & Start: consumption: 46.3mpg / CO₂ emissions: 140g / km
- ENERGY TCe 130 Stop & Start: consumption: 44.1mpg / CO₂ emissions: 145g / km
- ENERGY dCi 110 Stop & Start: consumption: 68.9mpg / CO₂ emissions: 105g / km
- ENERGY dCi 130 Stop & Start: consumption: 64.2mpg / CO₂ emissions: 114g / km

*Combined cycle consumption for the New Scénic XMOD

EDC AUTOMATIC GEARBOX: COMFORT, MODERATE CONSUMPTION AND EDC RESPONSIVENESS

By choosing the EDC 6-speed dual-clutch automatic gearbox you will be choosing comfort and responsiveness while keeping your consumption and CO₂ emissions in check. In terms of comfort, its dual-clutch transmission and twin-mass damping flywheel technology guarantees smooth gear changes with no jolts. Dynamic and responsive, the EDC transmission allows almost instant acceleration and will quickly respond to your commands. The EDC 6-speed dual-clutch automatic gearbox is extremely smooth and has 6 gears, controlled automatically or manually. In terms of fuel economy, its fuel consumption is similar to that of a standard mechanical gearbox. Available with a dCi 110 engine, the EDC transmission is ideal for anyone looking for a practical, enjoyable and relaxed drive.

WINNING DUO

ROB WHITE

Director
of Renaultsport F1®

GASPAR GASCON

Director
Renault Power Train Engineering

At Renault, technological innovation is driven by the passion of our employees. Rob White, Technical Director of Renaultsport F1®, works with his team to create the Renault engines that power a quarter of all Formula 1® teams. Winning engines for over 35 years! World champions 11 times. For production cars, Renault Power Train Engineering Director Gaspar Gascon and his staff develop the new ranges of Energy engines. Think the two are unrelated? Think again. On a day-to-day basis, Rob and Gaspar keep in touch, discussing and working together to develop new ideas, each benefiting from the other's know-how with the enthusiasm of natural-born pioneers. Their goal: to reduce fuel consumption and CO₂ emissions by 35%; test engine strength under extreme conditions and take the everyday pleasure of driving a Renault to ever greater heights. When two teams of engineers obsessed with innovation combine their efforts and share their expertise, the drive for creating some of the world's best engines is more than doubled.

SMART TECHNOLOGY AND EQUIPMENT

INNOVATION FOR ALL

1. R-Link. With Renault R-Link you can travel while staying connected. **2. Hands-free keycard:** Simply carry the card with you for door opening and ignition without having to insert the card into the reader. The doors also lock automatically as soon as you move away. **3. Visio system:** With its high resolution camera, this system detects lane markings and alerts you visually and audibly whenever you cross a continuous line or broken line without indicating. The automatic headlights feature also adjusts between main and dipped beam, depending on the conditions. **4. Rear parking camera:** The reversing camera helps with manoeuvres. It complements the audio and visual sensor aids at the back. **5. New standard radio:** The new range of car stereos mean more connectivity for portable devices: a jack in the console and Bluetooth® functionality for hands-free telephony, and audio streaming. With the Plug & Music option, connect your player using the USB and audio jack, and command the whole system from the central controls.

RENAULT R-LINK

Thanks to Renault R-Link, you can travel while staying connected to your everyday life: your address book, playlists and useful internet applications are all at your fingertips using the touch screen, intuitive voice commands or steering wheel controls. Renault offers a range of applications designed for in-car use such as social networks, mobility, route optimisation and practical tools. Really handy applications such as e-mail or weather forecasts, can be downloaded from the R-Link Store while in your car or at home using a My Renault account.

Available on the R-Link Store

1. Touch screen with customisable homepage: Choose your shortcuts to access your favourite features with a single click. **2. Main menu with 6 icons:** Discover the 6 available menus: navigation, multimedia, telephony, vehicle, services and applications, system settings. **3. Music on the go:** Log in via Bluetooth® or the Renault R-Link USB port to listen to your music. **4. Vehicle information:** Reduce your fuel consumption with the fun "Eco Driving" coach. View summaries of your journeys with handy tips to improve your driving style.

BOSE® SOUND SYSTEM - THE SOUND EXPERIENCE

DEEP BASS AND HIGH-TREBLE FREQUENCIES FOR CLOSE TO 'LIVE' SOUND EXPERIENCE ... THE BOSE® ENERGY EFFICIENT SERIES SOUND SYSTEM IN YOUR SCÉNIC

RENAULT AND BOSE®: A CONCERTED EFFORT, A BESPOKE SOUND SYSTEM

Since 2008, Renault and Bose® have been working together so that motorists may benefit from the achievements of both manufacturers in terms of innovation, enjoyment and excellence of quality. Values that allow the two manufacturers to achieve much more than a simple partnership and work in perfect harmony. The Renault-Bose® partnership is founded on shared expertise, dialogue and communication... All this work is the rehearsal before the performance and ensures the best possible sound experience!

A REALISTIC SOUND EXPERIENCE:

The Bose® Energy Efficient Series sound system was specially designed and developed by Bose® for the Scénic range. Specially adapted for the cabin's acoustics, it provides both the front and rear seats with a bespoke sound experience. The system comprises 8 high-performance speakers, a compact, powerful subwoofer positioned under the front right-hand seat and a digital amplifier fitted on the dashboard. The latter has a built-in Bose® signal processor, configured to meet the specific features of the Scénic range cabin. Specially developed for the Scénic range, the components of the Bose® Energy Efficient Series system are 30% smaller and 40% lighter and they use 50% less power than other, similar systems. Whatever the volume, the sound is rich and natural and every detail can be heard, giving you an authentic sound experience, just as the musician would have wished. You will enjoy a unique acoustic experience.

BOSE®

OUR ABSOLUTE PRIORITY:

YOUR SAFETY

RENAULT'S VISION IS TO PROVIDE ITS CUSTOMERS AND THEIR LOVED ONES WITH THE MOST ADVANCED AND EFFICIENT SAFETY TECHNOLOGY AS STANDARD. NEW SCÉNIC COMES WITH SAFETY AS STANDARD GIVING YOU COMPLETE PEACE OF MIND.

ANTICIPATE

Anticipating risks and keeping the driver in control in all circumstances

Scenic is designed to empower and inform the driver in real time, the technologies developed by Renault provide you with a more serene and safer driving experience such as ABS.

PREVENT

Advanced technologies that change everything

Renault has developed driving aid systems such as electronic stability control, standard on every New Scenic that ensure unfailing responsiveness and help to overcome road traffic hazards and driver error.

PROTECT

Everyone on board and other road users

Thanks to its accident cause intelligence and innovative technology, Renault offers one of the safest product lines-ups on the market. Our priority: ensuring your safety, saving lives.

SAFE AND SECURE

Actions for the safety of all

DECADE OF ACTION FOR ROAD SAFETY 2011-2020
SUPPORTED BY RENAULT

Renault places people at the heart of its business and is involved in many social initiatives relating to road risk prevention and raising awareness in schools and universities and other international organisations. The company is also committed to improving the effectiveness of emergency services when dealing with accidents

RENAULT SAFETY AT A GLANCE

- More than 600 company employees who are solely responsible for vehicle safety.
- 100 million Euros are invested every year in safety research and development.
- We conduct 400 real crash tests and 4,000 numerical simulations each year.

1. Protection: Reinforced structure, high-efficiency front airbags, head/thorax side airbags, pressure sensor to detect impact, 3-point seat belts with pretensioners and load limiter (front seats), anti-whiplash head restraints, load limiter function (rear seat), luggage restraint partition, anti-submarining front and rear seats (Fix4sure). 3 Isofix three-point seat attachments. The bonnet is also designed for the best possible handling in case of impact with a pedestrian. **2. Hill start assistance:** During a Hill Start, brake pressure is automatically maintained for 2 seconds to leave time for the driver to maneuver. **3. Visio system:** With its high resolution camera, this system detects lane markings and alerts you visually and audibly whenever you cross a continuous line or broken line without indicating. The automatic headlights feature also adjusts between main and dipped beam, depending on the conditions. **4. Electronic Stability Control (ESC):** With ASR traction control system and CSV understeer keep your New Scenic on the road in difficult road conditions. **5. ASR:** ASR provides active traction control in low grip conditions.

RENAULT

QUALITY

THANKS TO THE ATTENTION PAID TO COMFORT IN EVERY DETAIL, THE RENAULT MEGANE DEMONSTRATES RENAULT'S DESIRE FOR QUALITY. A SEDUCTIVE DESIGN, HIGH QUALITY MATERIALS AND INNOVATIVE TECHNOLOGY COMBINE FOR A UNIQUE DRIVING EXPERIENCE. THROUGH THIS APPROACH, THE MEGANE EMBRACES OUR VISION OF THE FUTURE.

Quality is in Renault's genes. This quest for excellence can be found at every stage, from vehicle design through to after-sales service.

Renault is currently recognised by the press and specialist organisations for the performance and reliability of its passenger and commercial vehicle range.

And its sales network, thanks to an ongoing sense of duty towards its customers, is now amongst the best on the market in terms of service quality in both sales and after-sales.

"Quality continues to be a strategic priority for the Group and a value that benefits the image of our brands. Professionalism, competence, expertise and strictness: Renault applies these values at every stage in the life of a vehicle to offer customers the highest quality in terms of the vehicle and the service, and to ensure their complete satisfaction."

Jean-Pierre Vallaude, Quality Director for the Renault Group.

RENAULT QUALITY IN FIGURES

- 9 out of 10 customers recommend Renault for the quality of its service.
(New Vehicle Quality survey of 300,000 Renault customers worldwide in 2011.)
- 26,000 network employees trained in the Renault Excellence Plan.
This plan has structured the service quality approach in the Renault network since 2006.
- Getting our vehicles driven for months and millions of miles.
Tests performed by Renault on all continents.

EXPECT MORE ELEGANCE AND PLEASURE

LIMITED

PANORAMIC SUNROOF, SPECIAL UPHOLSTERY, GLOSS BLACK DOOR MIRRORS, REAR PARKING SENSORS – LIMITED IS ALL THIS, AND A WHOLE LOT MORE. VERY STYLISH FEATURES INCLUDED IN A VERY ATTRACTIVE OFFER. YOU HAVE THE OPPORTUNITY TO DRIVE AWAY IN TOP-CLASS STYLE. SEIZE IT.

IT'S IMPRESSIVE TO SEE HOW QUICKLY ONE GETS USED TO THE FINISHING TOUCHES ON BOARD. A LEATHER STEERING WHEEL, EXCLUSIVE UPHOLSTERY, AIR-CONDITIONING OR A BLUETOOTH MUSIC PLAYER... STEP INTO A CAR THAT OFFERS MORE. YOUR ENJOYMENT GROWS WITH LIMITED. JUST DRIVE AWAY.

SCENIC XMOD CORE FEATURES

EXPRESSION+

Technology

4 x 20W Radio CD MP3 player
ABS with EBD (electronic brake distribution) and Brake Assist
AUX and USB connection in radio fascia
Bluetooth® Connectivity
Cruise control with speed limiter
CSV understeer control
Deadlocking
Electronic Stability Control (ESC)
Front fog lights
Grip Xtend advanced ASR traction control system and mud & snow tyres (standard ASR on 17" and dCi 110 EDC Auto engine)
Hill Start Assist
Insurance approved alarm system (Thatcham category 1)
LED daytime running lights
R.A.I.D. (Renault Anti Intruder Device) automatic door locking
'See Me Home' headlights

Interior

Air conditioning - manual
Driver and front passenger two stage auto-adaptive airbags
Electric front windows - with 'one-touch' facility and anti-pinch
Electric rear windows with anti-pinch
Front and rear centre lighting
Front and rear curtain airbags
Front and rear headrests with height adjustment
Front lateral airbags
Height adjustable driver's seat
Height and reach adjustable steering wheel
ISOFIX child seat mounting points on 3 second row seats
Leather gearknob
Leather steering wheel
Stone Grey 'Causeway' synthetic leather and fabric upholstery
Thin Film Transistor (TFT) screen dashboard display with Ecodriving information and a choice of display colours

Exterior

16" FRONTIER Design wheels or 16" TUNDRA alloy wheels with Grip Xtend and mud & snow tyres
Black longitudinal roof bars
Body coloured door mirrors
Electrically adjustable and heated door mirrors (wide angle on driver's side)

DYNAMIQUE TOMTOM

Technology

Automatic Dual-Zone climate control (left and right front controls)
Automatic headlights
Automatic rain sensitive windscreen wipers
Carminat TomTom® Live satellite navigation system (UK map)

Exterior

16" TUNDRA alloy wheels with Grip Xtend and mud & snow tyres (not available with EDC engine which has standard ASR and 17" alloy wheels)
Body coloured side protection mouldings

BOSE®+ PACK (OPTIONAL)*

Technology

BOSE® Energy Efficient Sound System: 9 speakers: Radio, Single CD and MP3 with a digital amplifier
Rear parking sensors
Renault keyless entry with push button start

Interior

12 volt power point located in boot
12 volt power point located in row 2
Aviation tables on rear of front seats
Dark Carbon 'Strata' suede and synthetic leather upholstery
Driver's seat with lumbar adjustment
Flat bottomed 'sport' steering wheel
Folding passenger seat
Storage pockets on rear of front seats
Sunblinds on second row rear windows

Exterior

17" MESA alloy wheels or 16" TUNDRA alloy wheels with Grip Xtend and mud & snow tyres**
Chrome fog surrounds and rear mouldings
Chrome insert on side mouldings
Electrically adjustable, heated and folding door mirrors (wide angle on driver's side)
Gloss black door mirrors
Satin chrome longitudinal roof bars

*Not available with 1.6VVT 110 engine **Not available on EDC

SCENIC XMOD, SCENIC AND GRAND SCENIC

ACCESSORY PACKS

WANT EVEN MORE STYLE AND PRACTICALITY? RENAULT OFFERS A WIDE RANGE OF ACCESSORIES, SPECIALLY DESIGNED AND DEVELOPED FOR YOUR SCENIC. WHY NOT CHOOSE AN ACCESSORY PACK? DESIGNED WITH YOU AND YOUR CAR IN MIND, OUR KEY ACCESSORIES COME IN GREAT VALUE PACKS SAVING YOU UP TO 20%.

ADVENTURER PACK

Get ready to look good in the great outdoors.

1.

1. Side embellishers: Enhance the design of your new XMOD with the chrome side embellishers. **2. Transversal roof bars:** Tested to the highest standards, our roof bars are guaranteed to fit your car perfectly. Quick and easy fitting, allows you to carry your roof box, cycle carriers, etc. (please note, roof box sold separately) **3. Boot protector:** Protects the loading area from dirt, scrapes and scuffs.

TOURING PACK

Everything you need to hit the open road with your caravan or trailer.

1.

2.

1. Transversal roof bars: Tested to the highest standards, our roof bars are guaranteed to fit your car perfectly. Quick and easy fitting, allows you to carry your roof box, cycle carriers, etc. (please note, roof box sold separately) **2. Swan neck tow bar with 7-pin electric kit.** This towbar, designed, developed and tested by Renault, offers reliability, high strength and durability. It therefore ensures total compatibility with the vehicle, avoiding any risk of damaging the vehicle body **3. Luggage boot net:** This easy-to-install boot net will stop your possessions rolling around inside your boot (not shown).

PREMIUM DELIVERY PACK

Upgrade your delivery pack with the premium Expression mats and a boot mat.

STANDARD DELIVERY PACK

1. Comfort Evolution mats: Front and rear made to measure mats, they will effectively protect the foot well of your new car.
2. Safety kit: Complete kit including a warning triangle, a thermal blanket, a vest and a first aid kit.

REAR PARKING SENSORS

Rear body colour parking sensors: Allows you to park with confidence.

The eco² symbol shows the vehicle emits less than 120g/km of CO₂, is manufactured in a plant that has been certified ISO14001. The vehicle can be 95% recoverable at the end of its life cycle. Find out more at www.renault.co.uk

* Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive 80/1268/EEC. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Car Tax Benefit In Kind go to www.renault.co.uk.

4+ FOUR YEARS WARRANTY ROADSIDE COVER SERVICING FINANCE PACKAGE

THE RENAULT 4+ PACKAGE, WORTH UP TO £1,000, COMES AS STANDARD WITH RENAULT SELECTIONS FINANCE, FOR YOUR NEW RENAULT CAR.

4 - WARRANTY

Your vehicle is covered by a warranty package for up to 4 years/100,000 miles (whichever comes first). The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault.

4 - ROADSIDE COVER

Any problems and we'll provide emergency roadside repairs or tow you to the nearest Renault dealer. This service is available 24 hours a day, every day of the year. We'll provide roadside assistance, home start, recovery and onward travel for 48 months with European cover for the first 36 months.

4 - SERVICING

Your car is covered for servicing (at no extra cost) for the first 4 years of ownership, or your first 48,000 miles (whichever comes first) when you purchase on Renault Selections finance. That covers everything required in the manufacturer's minimum maintenance programme including parts, labour and VAT, but excluding normal wear and tear items, such as brake pads, windscreen wipers or tyres.

Even without Renault Selections Finance, add the service option to your 4 year warranty and roadside cover for just £299*.

4 - FINANCE PACKAGE

The Renault 4+ package comes as standard with Renault Selections finance allowing you to enjoy fixed monthly payments (cars only).

6.9% APR
REPRESENTATIVE

Even without Renault Selections finance, add the service option to your 4 year warranty and roadside cover for just £299*.

4+ New 4+ package applicable to new retail cars when ordered from 1 January 2014. All vehicles covered with 4 years' warranty and roadside assistance as standard. The value of the package (with the exception of Twizy) is based on £80 for 4th year to 100,000 miles. Please see warranty terms and conditions (www.renault.co.uk/warranty) for further details. Renault Assistance Roadside cover is provided by our approved roadside assistance partners (for ZE vehicles roadside cover is linked to the battery agreement). Renault Assistance Roadside Cover provided from months 0 to 48 include assistance at the roadside and home, national recovery, onward travel with European cover from months 0 to 36 only. Visit www.renault.co.uk/4plus. Servicing offer covers cars for 4 years or 48,000 miles, whichever comes first. Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals and can only be carried out at a Renault Approved UK outlet. *Service package available as standard to Renault Selections finance customers. Alternatively can be purchased for just £299 up to 12 months after vehicle registration, unless a service has already been carried out. Cannot be part exchanged, refunded or transferred. Standard servicing rates also vary between £452 to £835 (with the exception of the Z.E. range) depending on vehicle and servicing in line with manufacturer's minimum maintenance programme based on an average national hourly labour rate of £70. Finance provided by RCI Financial Services Limited, P.O. Box 149, Watford, WD17 1FJ. Guarantees and indemnities may be required. You must be at least 18 and a UK resident (excludes Isle of Man and Channel Islands) to apply. Subject to status, terms and conditions apply. All Figures are for illustration purposes only.

RENAULT INSURANCE

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. In addition to a very competitive premium, Renault Insurance also includes: Renault Genuine parts fitted in Renault Accident Repair Centres, protecting your 12 year anti-corrosion warranty; repairs guaranteed for 3 years; a courtesy car for the duration of any repairs - subject to availability when you use an approved repairer; payment by instalments - subject to status.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays and 10am - 3pm Sundays. Calls may be recorded. All quotes are based on individual circumstance and subject to insurers underwriting criteria. Renault Insurance is arranged and administered by iGO4 Partners Limited which is authorised and regulated by the Financial Conduct Authority. Financial Services Registration Number 490061. Registered Office: Sundance House, Staniland Way, Werrington, Peterborough, PE4 6JT. Registered in England & Wales No. 6710272.
