It's time to confront your fears. Meet challenges head on. Overcome all that's holding you back. Pursue your passions and experience a new adrenaline rush.

**ISUZU**  
NEVER STOP

# IT'S RUGGED

Take on the rough terrains and tough conditions.

- Exhilarating 4x4 performance
- Muscular and aggressive wedge shaped design with perfect proportions and flowing lines
- Large approach, departure and transverse angles
- Wide track with long wheelbase and low centre of gravity
- Skid plate with engine bottom guard
- Robust ladder chassis
- Double wishbone independent front suspension
- Long span rear leaf suspension
- High ride suspension for high ground clearance
- 16" alloy wheels with wide tyres

# IT'S REFINED

Enjoy superlative comfort and convenience.

- Spacious, noise-insulated cabin
- Dial type Shift-on-fly 4WD knob
- Automatic AC with a fine-particle pollen filter
- Wrap-around 6-way adjustable driver seat
- Aerodynamic shape with low drag coefficient
- Large electrically foldable and adjustable ORVMs with turn signal indicators
- Tilt adjustable steering wheel with embedded audio controls
- Soft ride rear suspension
- Roof rails
- Host of storage compartments and cup holders
- Flexible rear seats - foldable with 60:40 tip-up
- Electro-luminescent meters with MID (Multi Information Display)

Spacious deck

Steering embedded audio controls

Electro-luminescent MID

Shift-on-fly 4WD knob

# STUNNING PERFORMANCE

ISUZU D-MAX V-Cross breathes power. Whether you are driving in the city or off-roading, carrying essential gear or heavy, bulky luggage, heading uphill or cruising on the freeway, the ISUZU D-MAX V-Cross is designed to dazzle you every time with a rock-solid performance. Its high pressure CRDi engine generates 100kW (134 hp) power. Equipped with a variable geometry turbocharger and inter-cooler, it produces a peak torque of 320 Nm. And it's compliant to BS-IV emission norms.

## Diesel Engine Expertise

With a long history of leading the development of numerous technologies and innovations in the field of automotive diesel engines, ISUZU is acknowledged as the global diesel engine expert. Our innovative clean diesel technologies, excellent fuel efficiency and low pollution alternate fuel vehicles are currently viewed as having immense potential to help prevent global warming and contribute to environmental preservation.

Melt-in liner (Anti-friction induction hardened)

Chain driven camshaft

Graphite coated pistons

Robust cast roller rocker arm and pivot bearings

# UNFLINCHING DURABILITY

The ISUZU D-MAX V-Cross comes from a lineage of the world's toughest, most reliable workhorses. Its robust ladder chassis, double wishbone front and long span rear leaf suspension with all new iGRIP (ISUZU Gravity Response Intelligent Platform) and a global durability test of 4 million km, ensure consistent balance and performance with or without load, delivering superior stability and road holding in all conditions.

# STEADFAST SAFETY

The ISUZU D-MAX V-Cross is designed for you to enjoy your adventure and not worry about safety, on or off-road. It's ready for challenges with absolutely steadfast safety features:

## Active Safety:

- ABS, EBD and Brake Assist
- Large 10.5" brake booster with ventilated front disk brakes and twin pot caliper
- Projector headlamps with Fresnel blister

## Passive Safety:

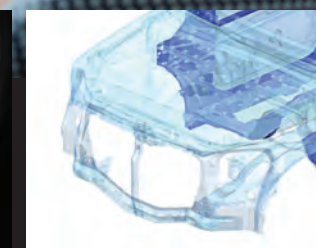

- Dual front airbags
- ISOFIX anchorages on the rear for child seat
- Strong and collapsible front and rear chassis with crumple zones
- Cross car front beam and door side intrusion beams

## Pedestrian safety:

- Pedestrian friendly front fascia and bumper design
- Impact absorbing bonnet design

Dual front Airbags

Cabin with front crumple zone

## IT'S RUGGED

ENGINE	
Type	4 Cylinder, Common Rail, VGS Turbo Intercooled Diesel
Engine Displacement (cc)	2499
Max Power (kW/hp @ rpm)	100/134 @ 3600
Max Torque (Nm @ rpm)	320 @ 1800-2800
TRANSMISSION	
Drive Type	Shift-on-fly 4WD
No. of speeds, Shift Type	5 Speed, Manual
SUSPENSION	
Front	Independent Double Wishbone, Coil Spring
Rear	Soft Ride, Leaf Spring
WHEEL	
Tyre Size	245/70R16
Tyre Type	Radial, Tubeless
Rim Type	Alloy
BRAKES AND STEERING	
Front Brake Type	Ventilated Disc with Twin Pot Caliper
Rear Brake Type	Drum
Steering Type	Hydraulic Power Assist with Tilt Adjustment
DIMENSIONS	
Overall Vehicle (LxWxH) (mm)	5295 x 1860 x 1840
Wheelbase (mm)	3095
Cargo Deck Inner (LxWxH) (mm)	1485 x 1530 x 465
Ground Clearance (mm)	225
Track Front/ Rear (mm)	1570
Seating Capacity	5
WEIGHT	
Deck Loading Capacity (kg)	265
Kerb Weight (kg)	1905

# Born out of 100 years of excellence

The ISUZU D-MAX V-Cross is brought to you by a leading global automobile brand.

Tracing its roots back to 1916, ISUZU Motors draws its name from the sacred ISUZU river. And with the same grace and energy as that of the ever flowing river, the company has been progressing relentlessly. ISUZU is one of the world's largest producers of automobiles ranging across light, medium and heavy duty Pick-ups and SUVs. Leading automobile manufacturers around the world trust ISUZU diesel engines for their superior performance and exceptional fuel economy. In India since 2012, ISUZU, with its 100-year legacy, is launching the ISUZU D-MAX V-Cross, manufactured at its newly set up, state-of-the-art facility at Sri City, Andhra Pradesh.
