

Hi-Lift[®] Jack Company

Accessories

OFF-ROAD BASE

ORB

SINK NO MORE!

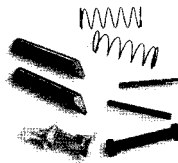

SINK NO MORE! The Off-Road Base alleviates jack sinkage on soft ground.

When used with the Hi-Lift Jack, it creates a more versatile tool while on shaky ground.

FIX-IT-KIT

FK-1

Keep your Hi-Lift Jack operating trouble-free. The Fix-It-Kit has the principal parts for servicing all Hi-Lift Jack lifting units.

4XRAC

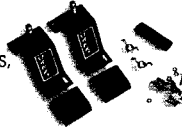

4X400

The Hi-Lift 4XRAC is designed for serious off-roaders who are looking for an easy, inexpensive way to store their Hi-Lift Jack in a convenient, secure location.

Carriage bolts slide through holes in the jack bar for secure storage.

Each kit contains 2 mounting brackets, 2 mounting bracket caps, a velcro strap for securing the Hi-Lift's handle and all necessary mounting hardware.

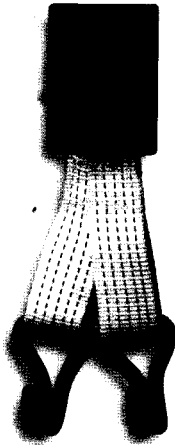

LIFT-MATE

LM-100

The Lift-Mate makes raising one wheel of most average-sized vehicles an easy task.

Designed to provide a lift point from most wheels for quick and easy lifting.

5000 lb. capacity

BUMPER LIFT

BL-250

The Bumper Lift is designed to fit curved bumpers, for quick and easy lifting.

When used with the Hi-Lift Jack, the Bumper Lift makes raising one wheel of most average-sized vehicles an easy task. Bumper Lift has a 3000lb. capacity.

LOC-RAC

LR-200

A convenient mounting and locking device for storage of your Hi-Lift Jack. Installation is simple.

It can be mounted horizontally or vertically, with or without a Jack Protector. Your Hi-Lift Jack is mounted in the Loc-Rac to deter theft. It also places the Jack in an easy to reach location.

Loc-Rac is manufactured of high-quality steel. Lock included.

OFF-ROAD KIT

ORK

Everything that you need to winch with the Hi-Lift Jack. Includes a custom winch attachment, Hi-Lift Gloves, D-ring Shackle, 4' Chain & Hook, and a Tree Strap.

If the Hi-Lift Jack Accessories, Slide-N-Lock or Post Popper are not available from your Hi-Lift Jack Dealer use this form to order direct: HI-LIFT JACK COMPANY, P.O. BOX 228, BLOOMFIELD, IN 47424-0228
