

**More power to
charge your weekend.**

With its aggressive looks, powerful mHAWK engine and grand deck, the Scorpio Getaway pushes boredom into a corner, never to be heard from again. At the same time, the Getaway is BS IV compliant, making it eco-friendly too. So, when you hear the weekend call of the wild, all you have to do is turn on the ignition and roar into your next adventure.

Power that overpowers every road.

Roar away towards adventure in the Getaway, powered by Mahindra's iconic mHAWK engine. That's 88KW (120 Bhp) and 280 Nm of pure, pulsating muscle backed by the Limited Slip Differential, ready to thrust its way through slush, sand, streams and tarmac alike.

Load it up, head out.

A bike to ride up the mountains, a surfboard to hit the beaches, a golf kit to swing at the course? You decide. Its grand deck is large enough to hold anything your mind holds, and is sure to last through a lifetime of thrills. So, spontaneous adventure is never compromised.

Feel at home in the midst of nature.

Take the longest of drives with the greatest of comfort now that the Getaway comes armed with Cruise Control. Its electrically adjustable ORVMs give a clear view of what's behind even as you drive ahead with confidence. The Getaway's noise-damped cabin keeps the harshness of the world shut out. And the fabric-draped contoured seats and powerful air-conditioning give you home-like comfort even in the harshest natural conditions.
