- Analog TV:FU8A05-HLGY / XF-6A-1
- GPS receiver board: Gstar GS-92m-J MTK3329

### **General Function:**

- ◇ 6.2 inch digital touch screen,800\*480 pixel definition
- ◇ GPS:Support series of Map software,support 3D map
- ◇ DVD:Support menu touch screen function and japan CPRM disc
- ◇ AM/FM Radio:Support RDS,99 sets of radio can be saved.
- ◇ TV:Support DVB-T(MPEG-2/MPEG-4)、ISDB-T、ATSC、CMMB、analog TV(in-built)
- ◇ Bluetooth:Support hands free call,support Chinese/English phone books and phone record.
- ◇ IPOD:Support audio and video playing.
- ◇ Movie:Support HD multimedia playing(1080P )
- ◇ Music:Support MP3、WMA、AC3、OGG、FLAC,etc audio format.
- ◇ Picture:Support JPEG,BMP,PNG,TIFF,etc format.change boot logo、desktop freely
- ◇ AUX:One channel AUX input,two channel independently audio and video output , two channel adjustment volume audio output,one channel bass output
- ◇ USB/SD card:Support 2 high speed SD card slot and 2 USB interfaces(1 channel high speed USB 2.0;1 channel full speed USB1.1),support 500 GB mobile hard disk
- ◇ Adopt dual system Android 2.3.5 and Windows CE6.0,full touch screen operate,one button let two system transfer freely
- ◇ 2 sets of AD steering wheel control button study
- ◇ Front/rear 3 die playing(3 area of front/rear main engine playing different program independently)
- ◇ Volume of each function can be independently controlled and memorized
- ◇ Menu language supported(Chinese、English、Russian、Japanese、Portuguese、 、 、 、 、 )
- ◇ Screen save function make more practical and reduce visual fatigue when driving at night.
- ◇ Can playing movie,music when GPS navigation working
- ◇ EQ 3 channel frequency --- treble,medium,bass adjustment,multiple EQ mode select
- ◇ Read PDF、Word、Excel file
- ◇ WIFI/3G (WCDMA) surf Internet

### **Main Specification**

- ◇ Support rearview camera
- ◇ 4\*45W power

### Characteristic Function:

- Cool and personality UI.support 3 pages main menu for scan

- Add any program software which can work on Android/Windows CE 6.0 freely

- Android 2.3 operation system interface

- Install work on Android system program software freely

- Humanized music playing list, operate more flexible; support MP3、WMA、WAV、AC3、OGG、FLAC, etc audio format, compatible MP1/2/3、OGG、APE、RM、SIPR、ATRC、WMA、AC3、FLAC、AAC....format.

- HD video decode, support DAT、MPG、MPEG、VOB、MP4、MOV、AVI、DVD Video、ASF、WMV、MKV、TS、RM、RMVB and other series video format and H.264、Xvid、MPEG2、MPEG4、VC-1、WMV9、MPEG1、H.263、Divx video format, support up to 1920×1080 (1080P) high definition pixel, backward compatible with 1360×768 (768P)、1280×720 (720P)、1024×576 (576P) and following HD/Puqing definition video file.

- In picture scan function, set any picture as boot logo、desktop; support JPEG, BMP, PNG, TIFF, etc format.

- Unique graphical switching function of global time zone, support according Zone to automatic switching time GPS software

- Personality UI design, UI background colour change freely, two theme style for select.

- Two sets of AV can set different function output. (3 area of front/background main engine playing different program independently)

- DVD media playing support full touch screen operated, support DVD/VCD/CD/MP5/RMVB/MP3/AVI/CD-R/WMA/JPEG etc format. perfectly support Japan disc CPRM; whole unit is dustproof.

- 3G、WIFI surf Internet any where, high definition(800\*480)TFT screen make viewsight more clear.

- Support IGO Primo、Garmin、Route66、sygic、TomTom and other series GPS software, perfectly support Japan map.

## Package

giftbox and carton

giftbox:25.8\*25.8\*16cm carton:54 \* 49 \* 28cm

weight

3.5 kg/pcs 6pcs/ctn. 23.00kg/ctn
