

The shining star of airconditioners

Tonnage Class	1.7	2.0
Star Rating		

Hitachi Star air-conditioner has not only stunning physical attributes but is also at the cutting-edge of innovation and technology, reflecting the quality and reliability that Hitachi is renowned for. It has the highest cooling capacity in its category and has one of the highest energy efficiency in the industry. Which means you not only get the best cooling, but also enjoy saving on your electricity bills. What's more, it's also one of the quietest air-conditioners around. A TRUE STAR IN EVERY WAY.

Technology Enabled Features

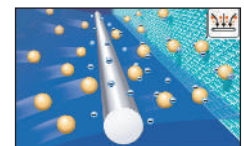

Efficient Air Distribution

Bigger diameter T-flow fan ensures 30% more airflow as compared to the air-conditioner with conventional T-flow fan, thus cooling a larger area efficiently in lesser time.

Minus Ion Stick

This unique stick strongly draws in airborne particles like dust, pollen, mite, germs, etc., to ensure cleaner and healthier air in the room.

UV Fresh Technology

The air-conditioner comes with UV Fresh, a unique technology with a really powerful germicidal effect. Source of UV light continuously emit UV rays on to the filter, destroying microbes in the environment while also stopping their growth. Thus giving you a clean and healthy environment.

Sleep Timer

The sleep timer is selectable for 1hr, 2hrs, 3hrs or 7hrs and the unit will be switched off after the selected number of sleep hours. If the sleep timer is selected, the temperature will be raised by 2°C and after 1hr, the fan speed will be switched to 'low fan' to ensure a comfortable and sound sleep. The AC will continue to work in this condition till the sleep timer is over.

Auto Restart

Resumes operation automatically in the same mode after a power failure.

High Capacity Compressor

The tough compressor works harder under extreme climatic conditions. Hitachi ACs with high capacity compressors give you the promised cooling even after derating.

Other Features

- 4 - Way Swing
- On/O Timer
- Koukin Filter with Filter Clean Indicator
- Nano Titanium Filter
- Supercool Function
- Auto Fan Speed
- Silent Cooling
- Quality Tests
- Remocon
- Comfort Modes

TECHNICAL SPECIFICATION

Description	Unit	STAR	
Tonnage Class		1.7	2.0
Star Rating	No of BEE Stars	5	3
Unit	Model Number	RAU020HND	RAU024HND
IDU	Model Number	RAS020HND	RAS024HND
ODU	Model Number	RAC020HND	RAC024HND
Compressor	Type	ROTARY	ROTARY
Rated Cooling Capacity	BTU/Hr	21000	24500
Rated Cooling Capacity	Watts	6153	7178
Rated Power Supply	Volts/Hz/Phase	230/50/1	230/50/1
Total Power Input	Watts	1890	2480
EER	Rated Cooling Capacity (BTU/Hr) / Power Input (Watts)	11.11	9.88
COP	Rated Cooling Capacity (Watts) / Power Input (Watts)	3.26	2.89
Current Drawn	Amps	8.8	11.6
