How does it work??

It's easy, browse some U.S. e-commerce sites using the "Preferred Sites" link below or suggest your own site.

When you know what you want to buy, fill out the form on the link below to "Shop Now". We will get back to you within 24 hours an all-inclusive price quote quote that will include the item price, shipping and any applicable duty and tax fees as well as a secure link to purchase the item online.

Once you have confirmed your order, you will be able to pay us through a secured gateway and we will go ahead and purchase the item for you and ship it to you. You should allow about 10 days from the time you place your order to receive your product.
