Discover more with the Urban SUV.

The city can serve up many challenges – potholes, busted water pipes, rough roads, just to name a few. That's why the Ford EcoSport perches high above the ground, allowing you to go over rather than around obstacles. The EcoSport is a great combination of power and efficiency and it's just the right size for city driving.

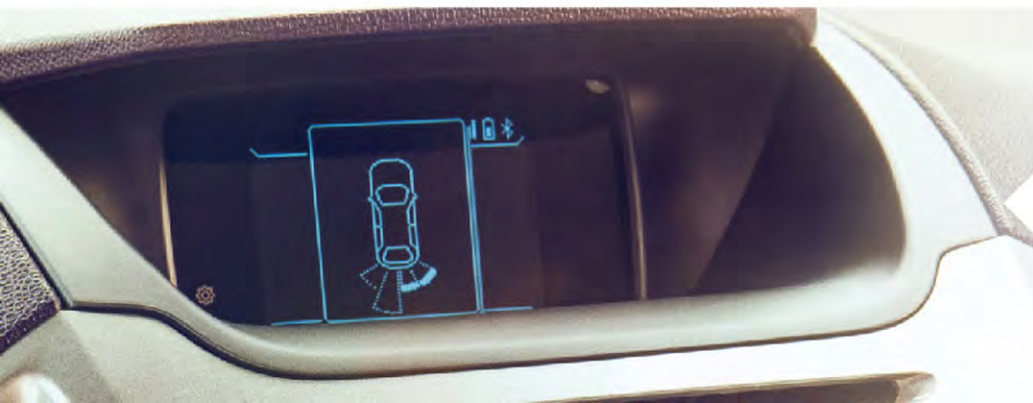

There's just no stopping you.

Nothing can get in your way. The EcoSport has 200mm ground clearance and 550mm water wading capability, making it easy to go wherever you're going.

Space that grows.

Compact on the outside, roomy and adaptable on the inside. Fold the 60:40 rear seats and you've got enough room to fit a 560-litre washing machine. A large space with infinite possibilities. Go ahead, explore your options!

Rear parking sensor with visual display.

Drive even backwards with confidence. When you reverse, sensors along the back bumper 'see' for you. If you get too close to something or someone, warning tones alert you along with a graphic showing where they are.

Keyless entry and Push-button start.

Your days of fumbling for keys are behind you. The EcoSport senses your key fob and automatically unlocks as you pull the door handle. Then just push a button and drive away.

You speak. SYNC listens.

There's voice control and then there's SYNC**. It seamlessly connects your Bluetooth and USB devices so you can make and receive calls, play your favourite songs, or have your text messages read out to you. Just say the words and SYNC does the rest.

International engine of the year.

You'll be hard-pressed to find a better combination of fuel economy and power than the turbocharged 1.0 litre EcoBoost. This innovative petrol engine delivers the power of a traditional 1.6 litre petrol engine, with full torque at just 1500rpm. And this, even as it consumes 20% less fuel.

Your safety. Our priority.

Regardless of where your adventures take you, the Ford EcoSport is more than equipped to ensure that your safety is never compromised. With front passenger and side & curtain airbags, the EcoSport offers you and your loved ones complete protection and ensures your peace of mind.
