

Mercedes-Benz V-Class. As large as life.

Mercedes-Benz

Great. Exceptional.

A powerfully shaped front and unrivalled design. Developed with a passion for the joys and challenges of life, the V-Class offers a variable interior concept, while at the same time delivering an outstanding driving experience. A real eye-catcher, whether you're out and about with the kids and all their kit or travelling in style on business with a full complement of passengers. With all its intelligent assistance and safety systems, an innovative multimedia concept and a powerful drive system, it's not just its good looks on the outside that make the V-Class the new benchmark in this segment.

The vehicle illustrated may include optional extras.

*Please read the disclaimer.

Vow.

The high-quality interior of the new V-Class brings a new favourite place to your life. Enjoy the exclusive cockpit and a choice of first-class materials.

*Please read the disclaimer.

Large as life.

Wherever you're planning to go, the new V-Class is ready. There is sample space for whatever you need to take with you, plus plenty of great ideas to help simplify your journey. The new, separately opening rear window¹ is just one of these. Thanks to its space-saving opening system with two loading levels and two baskets, loading and unloading really is child's play. Opening and closing the electrically operated EASY-PACK tailgate couldn't be easier either – simply press the button. What's more, with its multiple and varied seating configurations and adjustment options, the new V-Class is more than versatile enough to keep up with the needs of your children.

*Please read the disclaimer.

Compelling. The highlights of the new V-Class.

Appearing for the first time in this segment is the Electric Sliding door. The power operation allows the sliding door on the left to be opened and closed at the touch of a button. This means a significant increase in comfort, especially when the sliding door is used frequently. The electrically driven closing mechanism is quietly and with minimum vibration. The door is opened and closed by the means of a switch on the center console or by means of a switch on the B-pillar. The sliding door can therefore be operated via radio remote control.

*Please read the disclaimer.

Powerful performance.

The V 220d BlueEFFICIENCY with 120 kW (163 hp) accelerates from 0 to 100 km/h in an impressive 10.9 seconds. Particularly in combination with 7G-TRONIC PLUS, this guarantees powerful fun at the wheel. Appearing for the first time in this segment is the optional Parking package with 360° camera, giving the driver a bird's-eye view of the area around the car on the central display unit – a real help in tricky parking and manoeuvring situations

Intuitive multimedia concept.

The Pre-installation for Garmin® MAP PILOT in conjunction with AUDIO 20 enables a fully integrated navigation system to be easily retrofitted.

Everyday versatility.

Make day-to-day life easier with our flexible seating concept and practical equipment, such as the new separately opening rear window² and the optional electrically operated EASY-PACK tailgate.

*Please read the disclaimer.

Standard Equipment

Engine - V 220 d

The extremely high-torque 4-cylinder diesel engine already builds up tremendous pressure at low engine speeds. In specific situations, such as when overtaking, the overtorque technology delivers an additional performance boost. An equally pleasant feature: the pronounced talent for saving fuel.

*Please read the disclaimer.

Standard Equipment

LED Intelligent Light System

The LED Intelligent Light System improves the vision of the driver and therefore the driving safety, as it can adjust the illumination of the road surface to various driving conditions. For this it has adaptive headlamps, which can swivel vertically and horizontally and are variable in their luminosity. The system includes Highbeam Assist, which can help ensure oncoming vehicles are not dazzled, and the active light function, which swivels the headlamps towards the inside of a bend thereby providing significantly better illumination of the road. Further functions include the highway mode, in which the lighting of the road surface is also optimised for the respective driving conditions.

*Please read the disclaimer.

Standard Equipment

The EXPRESSION equipment line (7-seater)

V-Class has all that you need. Comprehensively equipped as standard, the powerfully shaped front end with reflection-type headlamps is a remarkable example of design. Inside too, the V-Class impresses with its high-quality cockpit, which includes an Audio 20 USB multimedia system as standard and Comfort seats in Black Lugano Leather (Optional) and Santiago fabric. The rear seats are flexibly configured, while the cockpit is accented with elegant pianolacquer-look trim. On top of all this, ATTENTION ASSIST and Crosswind Assist are there to ensure you complete your journey safely.

*Please read the disclaimer.

Standard Equipment

The EXCLUSIVE equipment line (6-seater)

The exterior design brings out the sporty character of the vehicle even more powerfully, both visually and in terms of driving dynamics. With its 5-spoke light-alloy wheels with 225/55 R 17 tyres, LED Intelligent Light System and separately opening rear window with partitioned load compartment, the new V-Class EXCLUSIVE satisfies the most discerning needs in terms of design, comfort and variability. There's no shortage of driving enjoyment either, thanks to AGILITY CONTROL suspension with selective damping system. Ambience lighting creates a pleasant atmosphere throughout the whole interior.

*Please read the disclaimer.

Interiors

EXCLUSIVE Interior Design package (Available with EXCLUSIVE)

The interior design package for the 6-seater impresses with a huge range of exclusive equipment. It includes comfort seats, a multifunction steering wheel and shift lever in very high-quality nappa leather. A further highlight is the upper section of the dashboard in leather look with decorative stitching. It not only looks high-quality, it wins people over with its pleasant feel, too. Plus, the attractive trim elements in the rear adds on to the exclusive element of the design of the interiors. The EXCLUSIVE also comes with cupholders to add on to the convenience of the rear seat passengers.

*Please read the disclaimer.

Interiors

Interior Design Package (Optionally available with EXPRESSION)

The optional Interior Design package enhances the vehicle interior and gives it an individual, sporty feel. The package includes comfort seats in Black Lugano leather, steering wheel and shift lever in nappa leather and Matt anthracite wave-look trim element. The sports pedals in brushed aluminium amplify the sporty character of the Interior Design package.

Interiors

THERMOTRONIC automatic climate control system with TEMPMATIC semi-automatic AC in the rear

THERMOTRONIC automatic climate control increases climate comfort for the driver and passengers and makes an important contribution to driver-fitness safety, particularly when outside temperatures are high. It automatically controls temperature, airflow and air distribution in 2 climate zones, so that the driver and passengers can feel equally comfortable in their different, preferred climates.

*Please read the disclaimer.

Interiors

Table Package (Available with EXCLUSIVE)

The Table package features many functional extras that make spending time in the rear passenger compartment more pleasant. Passengers can use the folding, movable table for eating a snack, working or playing a game. Cup holders located in the sidewalls hold drinks securely in place. The additional, practical stowage options in the nets on the backrests of the driver's and front passenger's seat and the individual seats in the rear also make the vehicle interior even more functional. And mobile devices can be connected up and charged through the 12 V socket.

*Please read the disclaimer.

Interiors

Burmester® surround sound system (Optionally available with EXCLUSIVE)

The Burmester® surround sound system brings exciting surround sound into the vehicle with an extraordinarily tuned amplifier and speaker system. 15 high performance speakers and a bass reflex speaker together deliver 640 W. An awesome sound is delivered to every seat thanks to the multichannel surround sound technology. Visually the Burmester® logo on the speakers makes reference to the high-quality surround sound system.

*Please read the disclaimer.

Interiors

Audio 20 CD with touchpad and Pre-installation for Garmin® MAP PILOT

The Audio 20 CD has a CD drive and can be operated through the controller with touchpad. The host of equipment also includes the large media display, radio receiver with twin tuner and traffic information decoder as well as a Bluetooth® interface with hands-free system and further practical connection options. If a mobile phone or smartphone is connected via the Bluetooth® interface it is possible to access text messages and emails. External devices can be connected via the USB port. The Audio 20 CD can play the WMA, AAC, MP3 and WAV audio formats. A picture viewer is installed to allow image files to be viewed. In conjunction with the Audio 20 CD audio system, the preinstallation for the Garmin® MAP PILOT enables a fully integrated navigation system to be easily retrofitted.

*Please read the disclaimer.

Make it your own. Optional extras for the V-Class EXPRESSION and V-Class EXCLUSIVE.

The little extras that make your journey easier. Whether you're looking for improved comfort or increased safety, the V-Class can be personalised with special equipment to suit your needs.

INTERIOR DESIGN PACKAGE (OPTIONALLY AVAILABLE WITH EXPRESSION)

Black Lugano Leather seats

Matt anthracite wave-look trim

Sports Pedal

Leather Steering wheel

INTERIOR DESIGN PACKAGE (OPTIONALLY AVAILABLE WITH EXCLUSIVE)

Burmester® surround sound system

Nappa leather in Silk Beige/ Black/ Marron

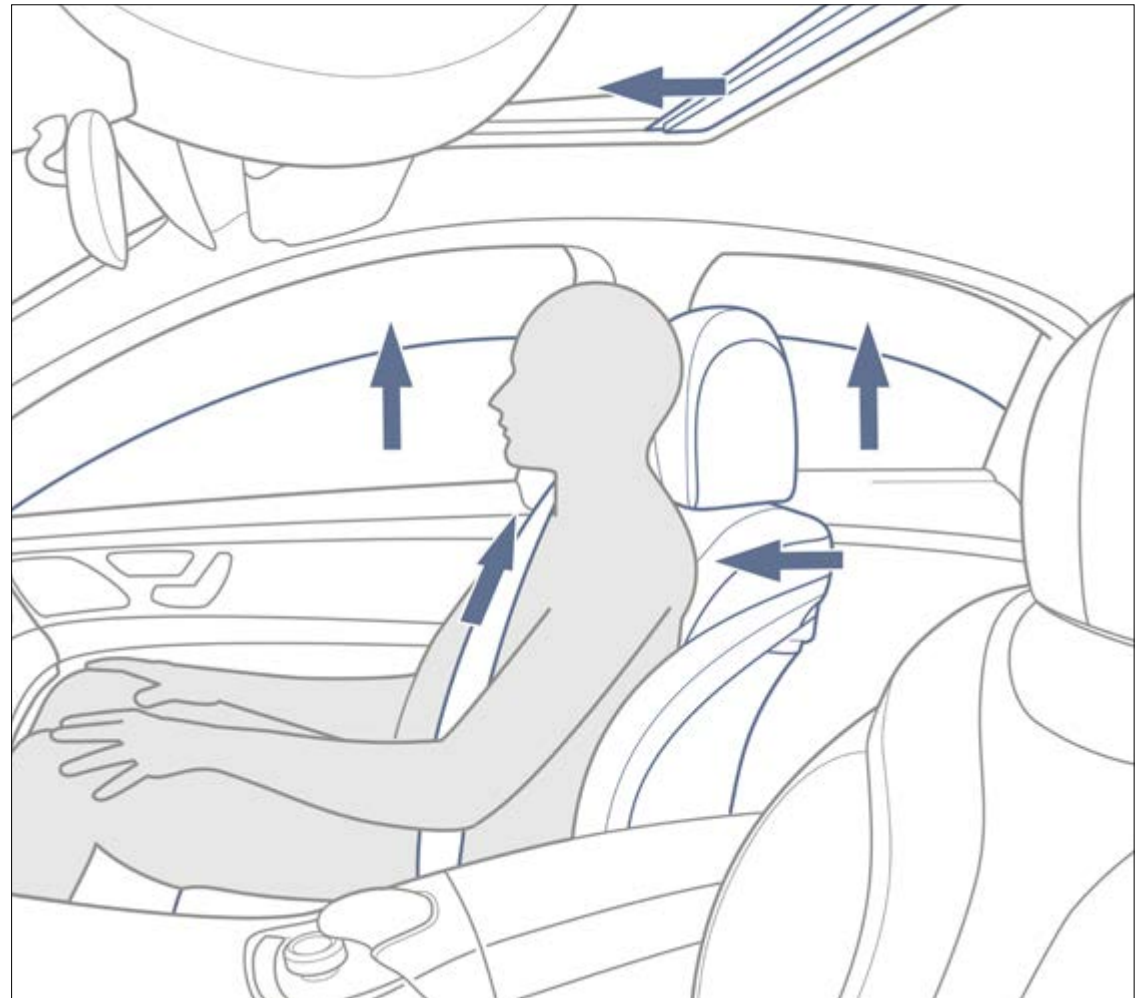

*Please read the disclaimer.

Safety and Assistance systems

PRE-SAFE®

The anticipatory occupant protection system PRE-SAFE® can already detect critical driving situations at an early stage and initiate preventive protection measures. The measures include reversible tensioning of the driver's and front passenger's seat belts, closing open windows and roof systems and – in conjunction with electric seat adjustment – positioning the front passenger seat in a better position to cope with an accident.

*Please read the disclaimer.

Safety and Assistance systems

Active Parking Assist with 360° camera*

Active Parking Assist helps the driver when searching for a parking space and when entering or leaving a parking space. At speeds up to 30 km/h it looks for suitable parking spaces and steers the vehicle automatically into parking spaces parallel and at right angles to the road. It also helps with exiting from parking spaces parallel to the road.

*Available for EXCLUSIVE

*Please read the disclaimer.

Safety and Assistance systems

ATTENTION ASSIST

The ATTENTION ASSIST system can help to avoid momentary nodding off and therefore, in particular on long or night journeys, contributes towards increased driving safety. The system gives the driver visual and acoustic warnings if it detects typical signs of over-tiredness or inattention, and urges the driver to take a break. To analyse the driving style, steering movements are assessed and used to create an individual driver profile.

*Please read the disclaimer.

Safety and Assistance systems

Windowbags for driver, front passenger & rear compartment passengers

Reduction of the risk of head and face injuries.

The window airbags for driver, front passenger and rear passengers offer a higher level of protection against head and face injuries in a severe side-on collision, in particular to occupants of the outer seats in the rear. The window airbags are located in the roof lining on either side of the vehicle and, within milliseconds of a detected collision, they deploy as an air cushion curtain in front of the side windows.

A-B pillar for Extra LWB

A-D pillar for LWB`

*Please read the disclaimer.

Safety and Assistance systems

Active retainer for sliding door

Holding the sliding door on gradients.

The active sliding door retainer holds the open sliding door in its final position automatically. This way the sliding door stays open in particular when stopping and parking on downhill gradients, permitting safe boarding and exiting.

*Please read the disclaimer.

Safety and Assistance systems

Separately opening rear window

The separately opening rear window makes it possible to manually open and close the rear window independently of the tailgate. This provides significantly easier access to the load compartment – particularly in tight parking situations. In addition to increasing comfort and convenience, the separately opening rear window also improves the appearance of the rear end.

*Available for EXCLUSIVE

*Please read the disclaimer.

Genuine Accessories

Coolbox

This box in hygienic, easy-to-clean plastic incorporates a 12 V power connection to ensure constant and reliable cooling even on long journeys. The box can be firmly secured in the load compartment with the aid of the special strap system. It is also easy to carry, using the handy carry straps. The coolbox has a capacity of 16.5 litres.

Velour Mats (Driver & Co-driver)

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour, even after three winters of use, are all specifications which must be met without compromise. The mats are precision-tailored to your Mercedes-Benz using the vehicle's original CAD data. Can be clip-fastened to the floor to prevent slipping.

Velour floor mats, luggage compartment, with twin rail

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour, even after three winters of use, are all specifications which must be met without compromise. The mats are precision-tailored to your Mercedes-Benz using the vehicle's original CAD data. With Velcro strip for connecting to other mats for the interior.

Genuine Accessories

Side window wind deflector

Protects against wind and water when window is slightly open.

Mud flaps, front and rear, black

Mud flaps: effectively combating dirt. Wet, muddy roads! Stones on construction sites. The mud flaps protect the sides, rear and underbody of your vehicle from scratches and damage from loose chippings. They also help protect following traffic from loose chippings, splashing and dirt. And they help minimise spray too. The mud flaps are precision-tailored to the contours of the vehicle. They have a dynamic look, ensuring that the vehicle's sporty appearance is not affected. The high-quality material is extremely hard-wearing, durable and UV-resistant.

USB power charger

An elegant rapid charger for your mobile. Its intelligent "smart charging" and output of up to 2 x 2.4 A allow you to power up your mobile quickly and conveniently while you're on the move. The elegant design echoes that of your vehicle key and blends perfectly with the interior. With protection against overheating and subtly illuminated USB ports that make the charger easier to use in the dark. Please note: the charging cable required for your mobile is not included with the product. We offer a variety of Media Interface charging cables to suit different devices.

My Mercedes. My Service.

You enjoy life. We'll take care of your Mercedes.

The best or nothing! This statement conveys how Mercedes-Benz aspires to develop and build highly desirable, top-class vehicles. The same passion, pledge and commitment apply to the Mercedes-Benz Service too. The bouquet of world-class After-Sales products will not only attend to every need of your Star but will also redefine the concept of ownership experience with a focus on providing end-to-end customer delight. After all, you Star deserves nothing less than the best.

STAR EASE

Delivering the best-in-class value

Servicing your Star does not get any better than this. With the STAR Ease Maintenance Packages, pay a defined cost of maintenance based on the model, contract period and mileage and say goodbye to spending on service every time. Plus, enjoy exclusive features like priority handling, shorter waiting time and quicker processes.

Advance Assurance Program

Extending your warranty coverage

With Advance Assurance Program, experience complete peace of mind. While this Extended Warranty Program kicks in the moment your standard 3 years warranty comes to an end, it can be extended further up to 6 years at a nominal price. Also, it comes with a bouquet of privileges for a worry-free time with your Star.

MOBILO

Providing you 24x7 mobility support

Your vehicle comes with Mobilo which provides round-the-clock on-road assistance service. Mobilo comes as a standard for 3 years and can be extended further up to 8 years at a nominal cost. This service offers privileges like vehicle towing facility, replacement vehicle, hotel accommodation, just to name a few.

My Mercedes. My Service.

Digital Service Drive

Ensuring convenience and transparency of service.

Servicing your Star is the last thing you will ever have to worry about. We provide transparent, convenient and hassle-free service. Our customer-friendly service features work around your busy schedule so that you have one less thing to focus upon.

Now booking your appointment is quick and easy.

To book your online service appointment, visit <http://mb4.me/SelectDealer>

Premier Express*

Because we value your time as much as you do.

Life gets busy and so we have designed Premier Express, our vehicle care service to help you get in and out quickly. While the visit will be brief, the service offered by our technicians will be comprehensive and complete. All to ensure your Mercedes-Benz is running for miles to come.

*Available at select locations only

My Mercedes. My Service.

Mercedes-Benz Genuine Parts Now with 2 years* of warranty

Mercedes-Benz GenuineParts are crafted to the state-of-the-art standards of Mercedes-Benz, protecting your vehicle's performance while maintaining the style, comfort and safety, for the years to come. Also, they come with a warranty of up to 2 years, ensuring you a peaceful ownership experience with your Star.

* Terms & Conditions Apply

Mercedes-Benz Approved Tyres and Rims Ensuring every ride is a safe and joyful one

Maximise the safety and comfort of your Star with Mercedes-Benz approved tyres and rims. While the Mercedes-Benz approved tyres are designed to optimally match your car's performance, the Mercedes-Benz approved rims are designed to lend an exceptional style to the exterior of your Star and are also engineered for optimal performance.

Mercedes-Benz Genuine Chemical Products Because your Star deserves nothing but the original

Mercedes-Benz Genuine Chemical Products are specially tested for compatibility with the materials in our cars and meet the high quality standards. Also, our products have been approved under Daimler AG's strict, self-imposed environmental norms. Now with Mercedes-Benz Genuine Chemical Products, experience a whole new world of superior products that support throughout the car's life cycle.
