Warranty →

BMW Service Inclusive Basic

When purchasing "BMW Service Inclusive Basic" (hereinafter referred to as "Service Package"), the customer acquires the vehicle-related right to have the service work on the vehicle performed within the agreed period of validity starting from the vehicle's warranty start date or until the agreed mileage is reached (whichever reached first applies) by the selling dealer or any participating BMW Service-authorized workshop. Entitlement to the services is transferred to the next owner if the vehicle is sold during the period.

There will be no refund and / or reimbursements for the services availed (performed) on the vehicle prior to the BSI / MSI registration date in BMW servers.

The Service Package consists of services on the factory-made vehicle (without parts, as far as not below-mentioned) as stated under points 1-4:

1. Engine oil change including oil filter and oil top-ups
2. Service/replacement of air filter, fuel filter, micro filter, spark plugs
3. Service brake fluid
4. Service vehicle check in accordance with the BMW service booklet

It is however required that the purchased vehicle has been operated properly and that the service intervals displayed in the vehicle have been complied with and that the service work is due and carried out according to the manufacturer-specified regulations in a BMW Service-authorized workshop*.

In the event the vehicle covered under valid BMW Service / Repair Inclusive program involves in an accident rendering it beyond economical repairs / total loss, BMW Service / Repair Inclusive cover will be annulled and no reimbursement will be made for the remaining period of validity

Services provided by BMW Road Assistance, statutory warranty claims as well as exclusions of warranty claims as stated in the conditions of sale for new vehicles remain unaffected.

* Legislation to be considered

BMW Service Inclusive Plus

When purchasing "BMW Service Inclusive Plus" (hereinafter referred to as "Service Package"), the customer acquires the vehicle-related right to have the maintenance and repair work on the vehicle performed within the agreed period of validity starting from the vehicle's warranty start date or until the agreed mileage is reached (whichever reached first applies) by the selling dealer or any participating BMW Service-authorized workshop. Entitlement to the services is transferred to the next owner if the vehicle is sold during the period.

There will be no refund and / or reimbursements for the services availed (performed) on the vehicle prior to the BSI / MSI registration date in BMW servers.

The Service Package consists of wear and tear repairs as well as maintenance work and services on the factory-made vehicle (including oil, labour and required Original BMW Parts) as stated under points 1-8:

1. Engine oil change including oil filter and oil top-ups
2. Service/replacement of air filter, fuel filter, micro filter, spark plugs
3. Service brake fluid
4. Service vehicle check in accordance with the BMW service booklet
5. Brake pads, front and rear
6. Brake discs, front and rear
7. Clutch (if worn)
8. Windscreen wiper blades (within framework of engine oil change, if necessary)

It is however required that the purchased vehicle has been operated properly and that the service intervals displayed in the vehicle have been complied with and that the service work is due and carried out according to the manufacturer-specified regulations in a BMW Service-authorized workshop*.

In the event the vehicle covered under valid BMW Service / Repair Inclusive program involves in an accident rendering it beyond economical repairs / total loss, BMW Service / Repair Inclusive cover will be annulled and no reimbursement will be made for the remaining period of validity

Services provided by BMW Road Assistance, statutory warranty claims as well as exclusions of warranty claims as stated in the conditions of sale for new vehicles remain unaffected.
