

The T-Roc

Strong impression and expression

Strong, striking and sporty, the T-Roc exudes character and confidence. Take for example its wide radiator grille with integrated LED headlamps and separate unique signature LED daytime running lights. Both create an unmistakable look, especially at night. Strong lines and a wide front air intake emphasize the car's bold design, while dynamic handling, a host of new technologies and impressive standard specifications complete its slick look. This all adds up to create an SUV that is as much at home in the city as it is on rough terrain.

Tail Lamps

Dynamically designed rear tail lamps are wide and distinctive, enhancing the sporty design and giving the car a strong road presence.

Alloy Wheels

Eye-catching alloy wheels give the T-Roc design a distinctive look.

Self-confidence comes from within

Robust, modern and elegant, the interior of the T-Roc embraces the future, combining an all-new design with Volkswagen's characteristic build quality. With plenty of space for occupants and luggage alike, the T-Roc offers all you could ask for in terms of comfort, style and convenience. The touchscreen infotainment system with AppConnect lets you access your favourite apps from your smartphone.

Panoramic Sunroof

Panoramic sunroof adds a new dimension of light and lets you carry a piece of the sky with you, wherever you go.

'Vienna' leather seats

The highest quality materials combine with ergonomic styling to bring you leather seats that are both comfortable and luxurious.

2-zone Climatronic AC

The 2-zone Climatronic air conditioning system allows you to have two individual temperature settings within the car whilst travelling.

Power to be you

The state-of-the-art TSI gives you a superior driving experience, never compromising between power and efficiency. Now turn the city into your playground, making the most of the smooth shifting 7-speed Automatic DSG Transmission.

Suave yet safe

6 Airbags

Electronic Stability Control

Anti-lock Braking System

Park Distance Control

Intuition. One you'll feel in the Electronic Stability Control, a technology that improves the vehicle's stability by detecting and reducing any loss of traction. The advanced Anti-lock Braking System stops the wheels from locking up, avoiding any unexpected skid. The six airbags ensure protection for everyone inside, while the tyre pressure monitoring system helps you avoid unsafe driving conditions. The reverse parking camera and park distance control help you back out of or drive into a parking spot with ease. And KESSY - the keyless entry and starting system offers you convenient and secure access to your car.
