

While world class styling and technology make the Maruti 800 one of the most popular cars in India, constant improvements work to enhance its appeal.

Its 800 cc, 3 cylinder engine is acknowledged for its reliable performance and freedom from maintenance hassles.

## International Styling

The Maruti 800 combines an aerodynamic monocoque body, superior fuel efficiency, easy manoeuvrability and an effective dual-circuit braking system into a neat, sensible package. Now this car sports an international style flush bonnet and aesthetically matched interiors and bumpers.

## Comfort and Safety

Inside are comfortable front bucket seats which can be adjusted to your favourite driving position using the recline - and - slide mechanism. The front seat belts and head restraints provide better

protection in case of impact. For fatigue free driving, the dashboard incorporates clear instrumentation and easy-to-reach switches. The Maruti 800 has three-speed wipers with intermittent function and a multimode airflow system to

*Side pockets : It's the little things that make the difference. Side pockets on the doors for your convenience.*

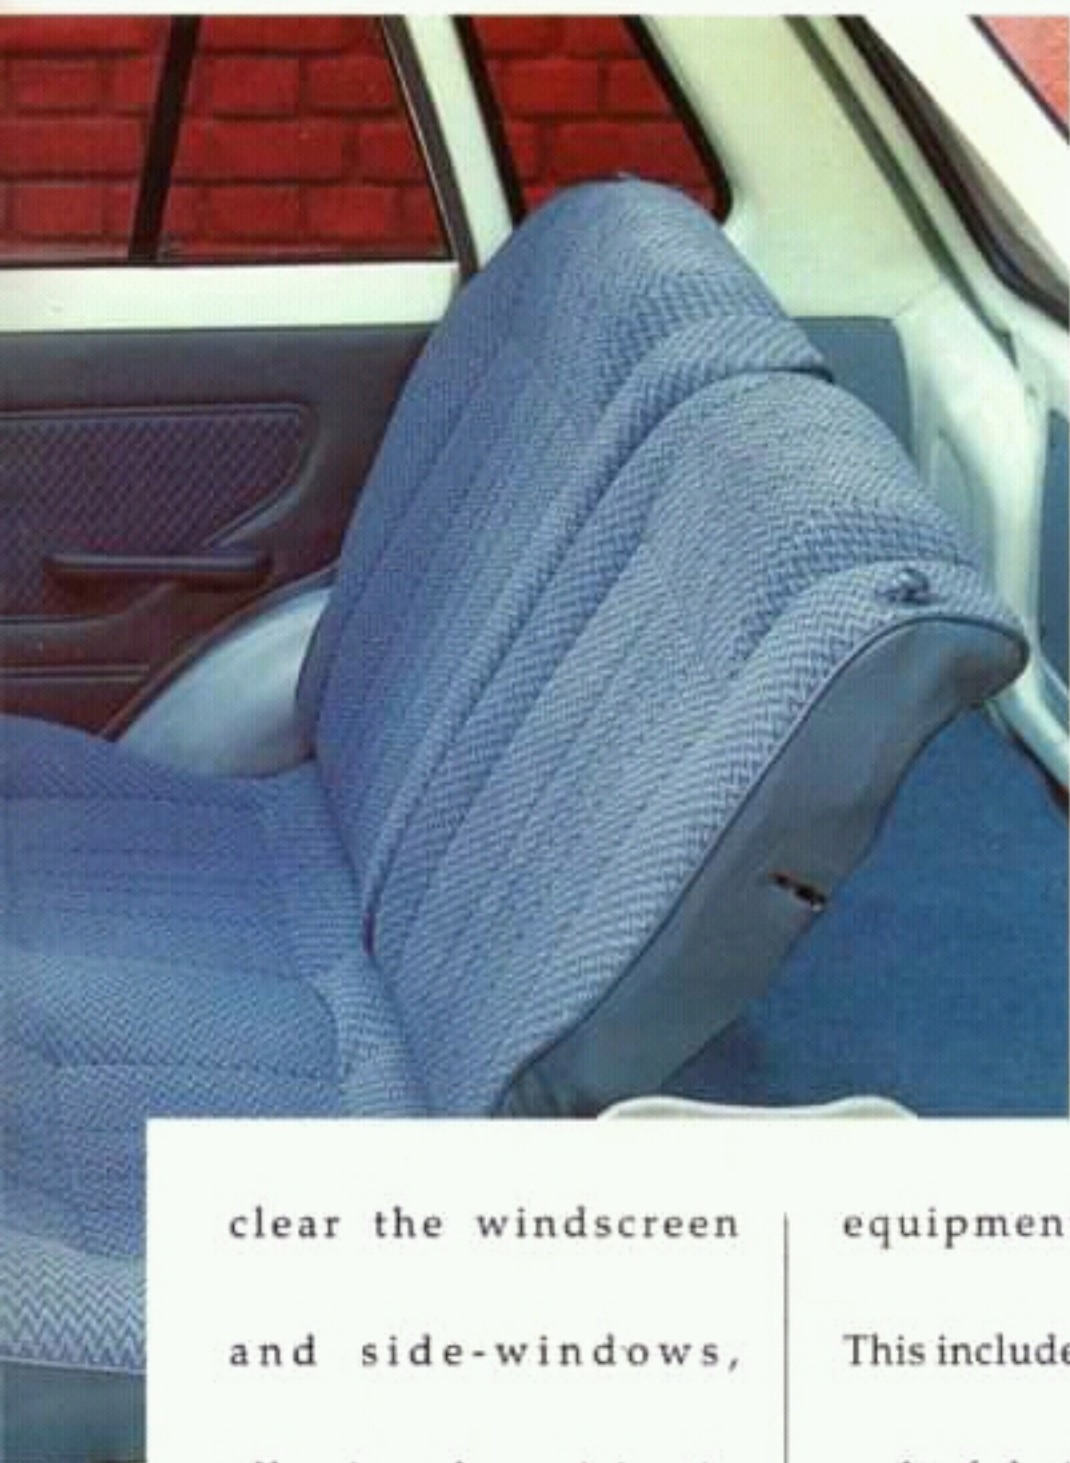

*Side window defroster : To ensure maximum visibility at all times, the side windows can be quickly defrosted using the car's ventilation system.*

*Vanity mirror : A mirror is installed on the inside of the co-driver's sunvisor for added convenience (On DX only).*

clear the windscreen  
and side-windows,  
allowing clear vision in

rain and misty conditions. And  
when you need to carry maps  
and road guides for long  
journeys, stow them in the  
convenient front door pockets.

## Standard Extras

In the deluxe version,  
exciting extras are standard

equipment.  
This includes  
soft fabric

upholstery and door trims, a  
vanity mirror for the co-driver,  
split rear seats for extra  
luggage space, and of course,  
the airconditioner.

Also available is a heater, as  
optional equipment on the  
standard and deluxe models.

All this, and the Maruti  
promise of reliability, comes to  
you in the Maruti 800.

The Maruti 800. All your  
driving needs.

*Efficient 800cc engine : Suzuki's 3 cylinder four-stroke engine is fuel efficient, compact and powerful, producing 39.5 HP at 5500 rpm.*

*Stalk levers : In keeping with the car's ergonomic design, the most frequently used switches are positioned on multi-function stalk levers located within easy reach.*

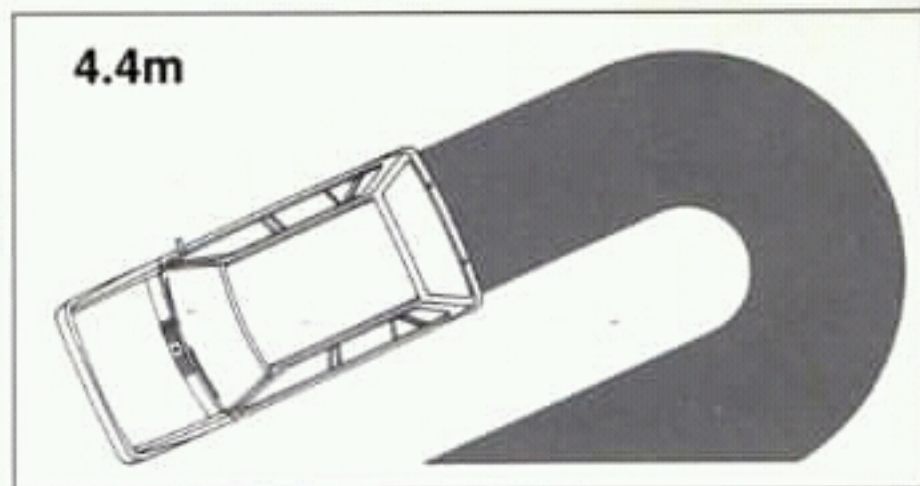

*Split rear seats : Easy loading for even the most inconvenient baggage, the new split rear seats of the Maruti 800 (On DX and TK only).*

**Dashboard :** Efficient and stylish, the dashboard has been designed with your convenience in mind, from the clear instrumentation to the spacious glove compartment.

**Tight turning radius :** Superb manoeuvrability, thanks to a tight 4.4 metre turning radius, makes parking easy. This is made possible by the M 800's compact body and a responsive rack and pinion steering.
