Design has a reason. The reason is you.

**Prefer fuel-efficiency and desire power.**

**Made to last and yet finish first.**

## There's a Polo for everyone.

It's not just a car. It's the car for you. As a matter of fact, it is the car for India.

Just a glimpse and you will know what makes the Polo the best in its class.

The combination of sporty, distinctive design, a performer of an engine that delivers on fuel-efficiency and power alike, and a host of superior features makes it the finest car for India. Discover the Volkswagen Polo.

**German engineering. Made in India.**

### A view worth everything.

Once you get into the Polo, there is simply no looking back. We've put absolute comfort at your disposal. Right from the high-grade materials to the exquisite engineering, the Polo promises an optimal blend of design, comfort and functionality. A flick at the ignition and you'll know what made the Polo the 'World Car of the Year 2010'.

**A world of difference within.**

Opt to sit inside the Polo and you will immediately appreciate what sets it apart from the rest of the world. A horde of features inside the Polo truly redefine comfort. World-class styling surrounds you with high quality materials and attention to detail. The Polo simply ensures you reach your destination relaxed and in sheer comfort. At the end of the day, all one needs is a drive to leave the world behind.

Comfort.

The Polo is the perfect car for you. We love to carry our world with us and with ample space and the split-folding rear seat that creates even more space, the Polo can accommodate all that and more. Add to that, air conditioning and comfy interiors, and there is simply no doubt that the Polo is truly comfortable.

The ergonomically designed **air conditioning** ensures a pleasant temperature throughout the vehicle, so every journey will be a comfortable one whatever the temperature outside.

If you wish to transport longer, bulkier items, even if it's an entire cricket kit, the **rear seat backrest** can fold down and split for more flexibility.

You'll be pleasantly surprised by the size of the boot, which can offer plenty of **boot space**. Ideal for those weekend trips out of town.

**Grab handles** (3) above doors are equipped with coat hooks, to keep clothes wrinkle-free.

Room for everything: If need be, the **practical folding rear seats** fold completely, offering more space for everything and then, some more.

Engines and Transmissions.

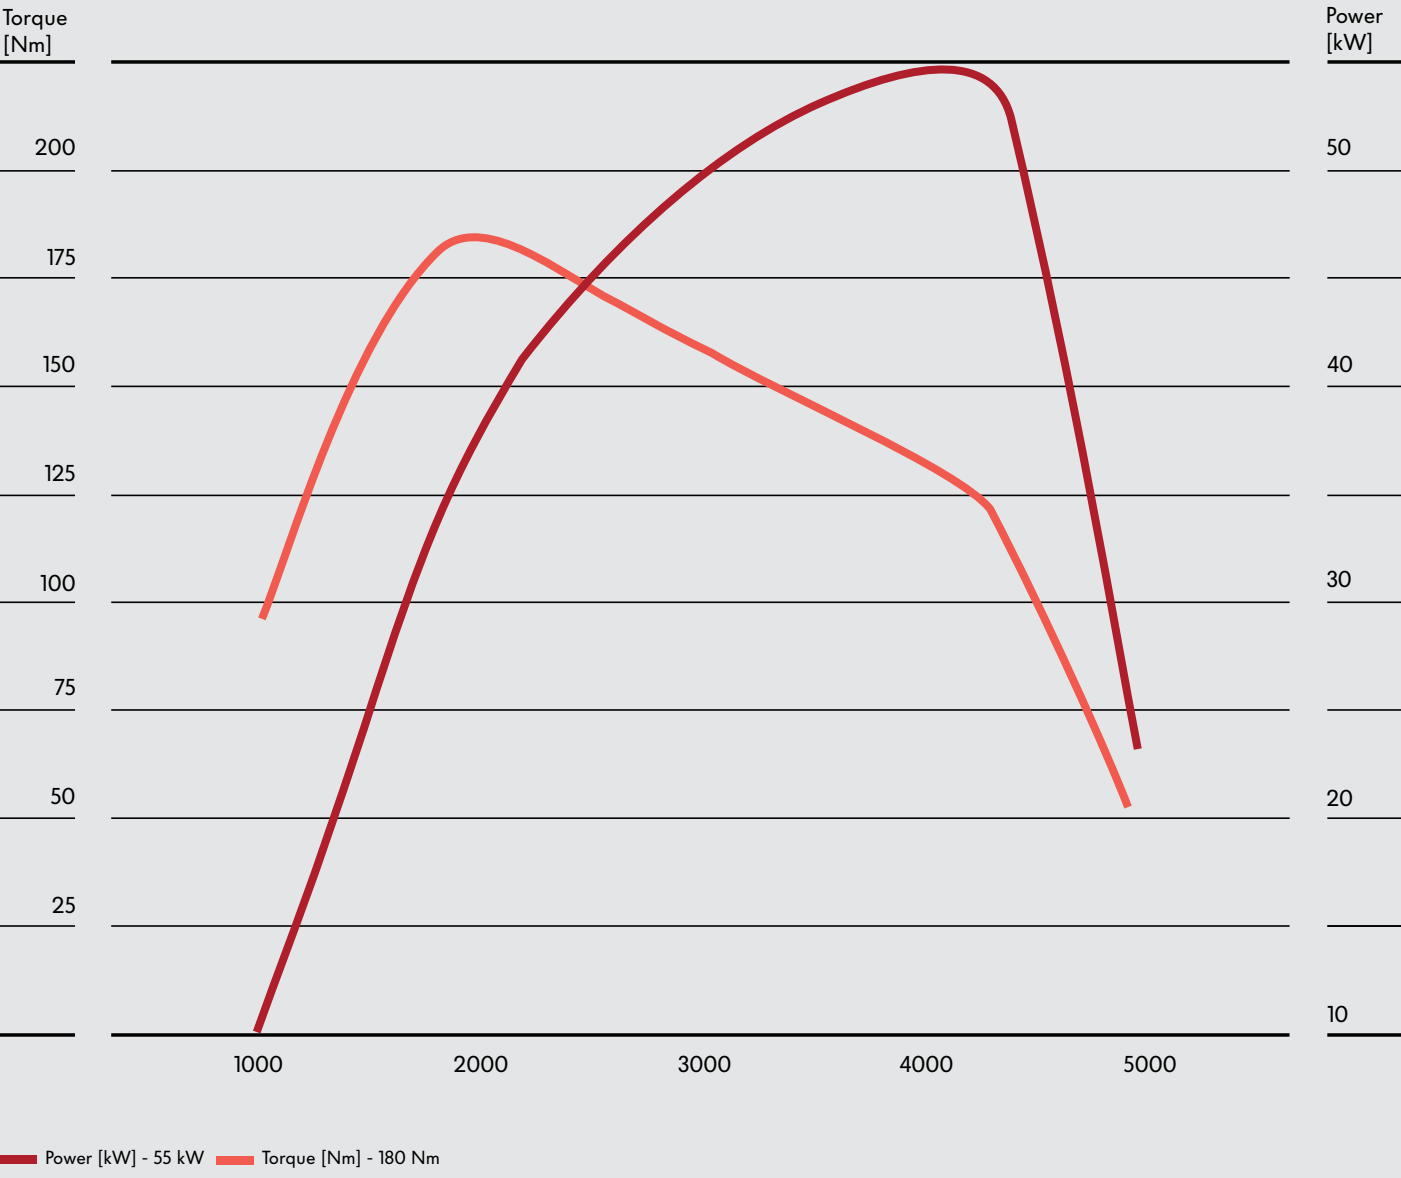

A selection of powerful engine variants means you can enjoy exceptional performance, impressive power and smooth handling together with remarkable fuel economy. The Polo offers a choice of petrol and diesel engines, both designed to deliver dynamic performance with excellent fuel-efficiency. The range starts with a 1.2 litre petrol engine and a 1.2 litre diesel engine.

The five speed manual gearbox transmits power with short, accurate shifts, and smooth handling makes it easy to use at the right engine speed. City or the highway, the Polo's transmission can take on anything.

Power and Torque development graph

1.2L-75 PS [55 kW] TDI-CR

Standard for Comfortline

Standard for Highline

Featuring Volkswagen's latest common rail technology, the 1.2 litre common rail diesel engine ensures excellent overall performance. The 75 PS (55 kW) unit achieves best-in-class fuel economy of 22.04 km/l.

Safety.

The Polo is loaded with a wealth of advanced safety equipments, helping make every journey as safe as possible. Features include airbags for the driver and the front passenger, along with a high-strength steel frame and Anti-lock Braking System. It isn't just about making safe happen. It is about sitting back and enjoying the drive with the reassurance of security.

With the Anti-lock Braking System (ABS), the car remains steerable, even during sudden braking manoeuvres, and comes to a standstill as quickly as possible.

**Passive safety:** The Polo's high-strength steel frame makes it a tough car. This creates an indigenously structured passenger cell for added passenger safety.

Standard for Comfortline

Standard for Highline

**3-point inertia front seat belts** are naturally included, providing safety and security.

Simply safe: **Front airbags** for the driver and passenger provide occupant protection for a safer journey.

### **Steal a third glance.**

The Volkswagen Polo is sheer beauty to look at, every single time. The intricate bodywork and attention to detail is nothing short of stunning. You'll find it difficult to take your eyes off it.

## Lines.

Perfection arrives with the Polo. At a glance, the spectacular contours leave you mesmerised. Take a closer look at the bold lines and you will soon realise what makes the Polo so desirable.

Exterior.

The Polo exudes pure confidence and elegance. Its poise garners attention and envy alike. Gorgeous yet robust lines envelop its true character while intricate detailing and stunning contours define its bold style. Exclusively designed 15” alloy wheels add to the desired look and precise handling.

The **trunk opener** in the Polo is actually the shiny Volkswagen logo right in the middle of the hatch.

**Front fog lights** integrated into the front bumper add a striking look to the Polo. They also provide better visibility in poor weather conditions.

The **front grille** with an attractive chrome trimmed louvre insert is a distinctive characteristic of the Polo, adding a touch of quality and charisma.

Curved **body-coloured door handles** are easy to use and flow seamlessly into the overall design, exuding quality and solidity.

**Stylish indicator embedded headlights** blend in with the chrome trimmed radiator grille louvre insert, indicative of the Polo’s attention to detail.

**Heat reducing tinted windows** minimise sunlight, helping to ensure a pleasant temperature for rear passengers, and enhance the exterior’s sporty appeal.

With a **high level brake light** integrated, the rear spoiler enhances the aesthetics and improves vehicle safety.

**15” alloy wheels** provide better stability and control on the roads. Not to forget, they look striking as well.

Interior.

The Polo’s interiors are underlined with luxury. Armed with state-of-the-art technology that puts you at ease, plush seats and great acoustics, the Polo reaffirms absolute comfort. With everything at your disposal, we assure that you will reach your destination comfortably and in style.

The Polo’s **CD/MP3 stereo radio system** with 4 speakers provide exceptional acoustics, making every drive a pleasurable one.

C H

**Equipment and styling** combine harmoniously to produce an interior which exudes comfort and practicality, ensuring every journey is a delightful experience.

T

T Standard for Trendline

C Standard for Comfortline

H Standard for Highline

The **standard electronic multi-function display** supplies information on average fuel consumption, range, journey distance, odometer, actual time and outside temperature. Just another feature that makes the Polo an absolute delight.

H

The Polo’s **centre console** keeps all important functions within easy reach, and is proof of Volkswagen’s passion for build quality, ergonomic design, safety and passenger comfort.

H

Convenience.

At Volkswagen, we believe in passionate detailing. Every single feature in the Polo is designed around your comfort, safety and flexibility. Be it the front cup-holder or the centre glove box, if it gets a smile on your face, we know we are doing something right. It's late evening and when you leave for home, you would simply love a cruise that puts you at ease.

You'll be pleasantly surprised by the electrically adjustable mirrors which are controlled by an intuitive joystick control. A flick of the wrist and there you have it; perfectly positioned mirrors.

The height-adjustable driver's seat provides premium convenience. It allows you to easily adjust to suit your optimum driving position.

Small items needed during the journey such as a water bottle can be stowed in the **pocket** of the front doors.

Neatly tucked under the hand brake, lies a **cosy spot**. You could use it to keep your mobile phone or wallet safely stowed away.

The **adaptable steering wheel** has a reach and rake adjustment as standard and can be adjusted to suit every stature.

Standard for Comfortline

Standard for Highline

The front **cup-holder** is a safe place for bottles or cups whether your Polo is on the move or stationary. It could be your morning espresso or the late evening latte. It works either way.

Colours.

The Polo is known for its appeal, quality and impressive use of aerodynamics. And before we even think about the paint finish, we treat the body to guard against anything and everything. Only then are we ready to dress it in one of our diverse range of colours. Not to mention, we always add a little bit of Volkswagen-style 'ingenuity' to every model.

The Volkswagen Group with its headquarters in Wolfsburg, Germany, is one of the world’s leading automobile manufacturers and the largest carmaker in Europe. A crucial element of the Volkswagen strategy, to establish a long-term presence in India, is the Group’s production facility near Pune, in the Chakan Industrial Park. The investment with a total sum of 580 million Euros (around 3,800 crore INR) is the biggest investment of a German company realised in India so far.

The plant, one of the most modern in the Volkswagen Group, has a high level of vertical integration – not the least attributable to the high share of local suppliers. The facility is the only production plant operated by a German carmaker in India that covers the entire production process from press shop through body shop and paint shop to final assembly.

The recruitment is of some 2,500 employees, primarily from the region itself. With the investment, the vertical integration of suppliers and the employment of people, Volkswagen will demonstrate its commitment to the new site. Simultaneously, Volkswagen contributes to a positive development of the economy of the region and of Maharashtra at the same time. The facility has a maximum annual production capacity of 1,10,000 vehicles destined for delivery to the Indian market.

On March 31, 2009, the former Honourable Governor of Maharashtra, His Excellency Shri. S. C. Jamir, and Prof. Dr. Jochem Heizmann, Member of the Board of Management of Volkswagen Aktiengesellschaft with responsibility for ‘Group Production’, officially inaugurated the new Volkswagen plant in India in the presence of some 1000 international guests. “With the start of production at our new plant in Maharashtra State, the Volkswagen Group has conclusively arrived in India’s emerging market. Thanks to the local production in Pune, we will benefit even more from the enormous growth of the Indian automobile market in the future,” Heizmann said at the opening ceremony.

The Polo is specially developed for the Indian market and is a visible testimony to Volkswagen’s vision ‘German engineering. Made in India’.

The new production facility is a major stepping stone towards achieving success and growth in India, and continuing the march of innovation across the world, it looks like Volkswagen has already made India their home.

**Volkswagen Warranty & Extended Warranty.**

The Volkswagen Polo comes with a standard warranty of 2 years, unlimited kilometres and can be extended at an additional cost for further 2 years and up to 1,00,000 kms from the date of sale (whichever is earlier), which protects your car against the defects of most mechanical and electrical components due to manufacturing defects.

All periodic maintenance at recommended intervals and warranty work must be completed by an authorised Volkswagen dealer.

**3-year Paint Warranty.**

The paintwork of the Polo is covered against manufacturing defects for a period up to 3 years from date of sale. Naturally, the Polo must be cared for in compliance with the operating instructions which will be found in your vehicle handbook.

**Volkswagen Roadside Assistance.**

Every new car is registered for Volkswagen India Roadside Assistance for 2 years from its date of sale. This provides the vehicle with home and roadside recovery in the unlikely event of a breakdown anywhere in India (subject to terms and conditions).

**Further details for the Warranty.**

Please contact your Volkswagen dealer or Volkswagen India Assistance: 24x7. Anytime. Anywhere. Call toll-free 1800-102-0909 / 1800-209-0909.

**Volkswagen Finance.**

Volkswagen Finance specialises in providing financing solutions for Volkswagen customers. Whether your Volkswagen car is for private or commercial use, you can choose from a range of customised financing options.

- Hire purchase
- Leasing (for corporate customers)
- Financing of Volkswagen genuine accessory packages (subject to terms and conditions)

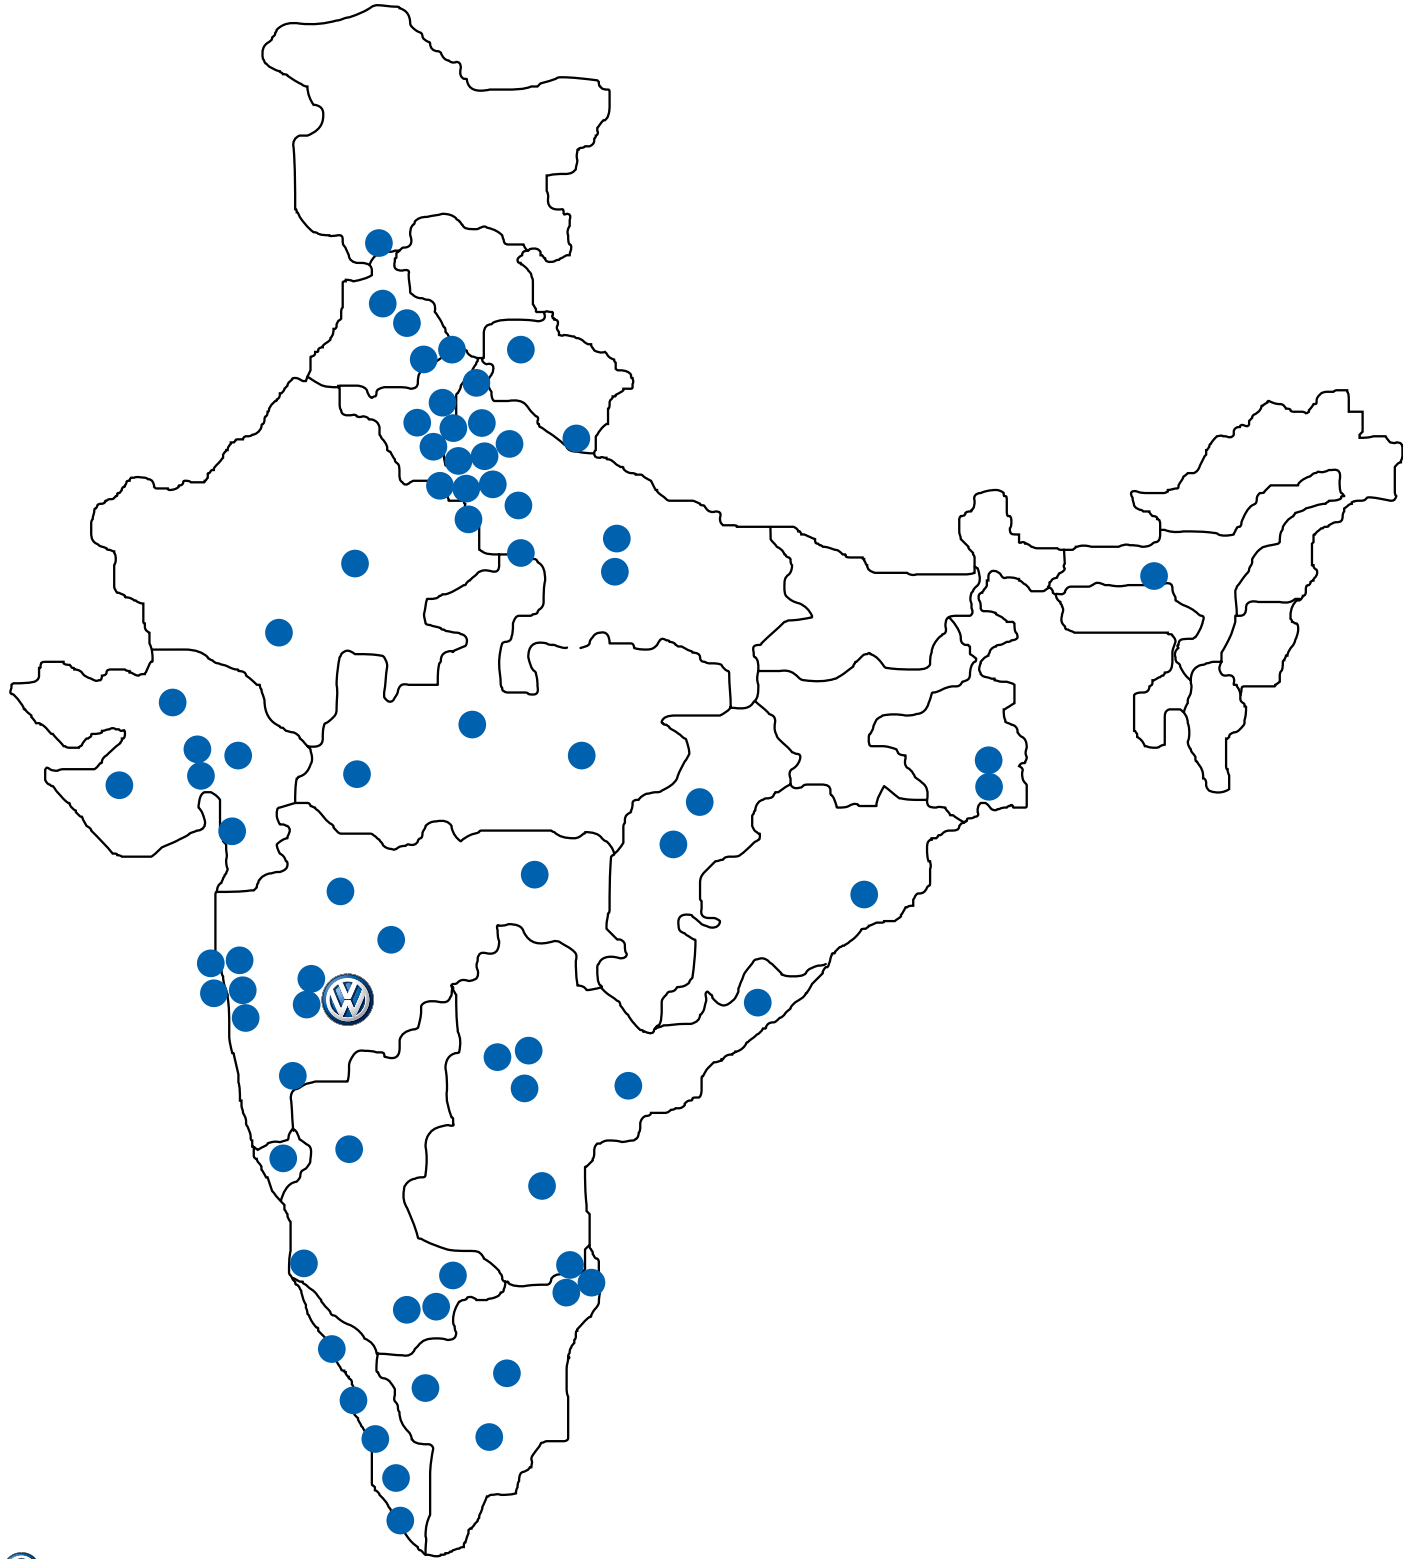

No matter what finance product you choose, your local Volkswagen dealer will be able to provide you with a personalised quote that would meet your budget and vehicle needs.

**Volkswagen Insurance.**

Competitive and comprehensive motor insurance, designed especially for Volkswagen customers, bundled with a bouquet of exclusive services are provided by Volkswagen preferred insurance partners. Special covers are also available for additional protection of your valuable Volkswagen car.

For more information on insurance products and services, please contact your local Volkswagen dealer or contact Volkswagen Insurance Services at 1800-209-6262.
