

SWIFT

YOU'RE THE FUEL!

THE **NEW** SPIRIT OF SWIFT
REFINING PERFECTION

AVAILABLE IN PETROL AND DIESEL

INDIA'S MOST LOVED CAR. IN PETROL AND DIESEL.

The Swift has set new benchmarks for those who love cars. In style. In technology. In performance. In handling. And sheer spirit. There is no other car like it. And the more Swift owners there are, the more Swift owners they create. Resulting in its ever-increasing popularity.

This New Year, we've actually added some more excitement to India's most spirited car. Refining a line here. Changing some fabric elsewhere. Adding an extra designer touch in another place. It's incredibly difficult to improve something that's perfect. But we did it for you.

HOW DO YOU IMPROVE PERFECTION?

THE STUNNING NEW LOOK INTERIOR.
NOTICE THE INTEGRATED AUDIO SYSTEM WITH STEERING MOUNTED AUDIO CONTROLS.

NEW TOUCHES

NEW EXTERIORS

NEW BUMPERS IN THE FRONT AND REAR

A subtle change that pleases the eye, the new front and rear bumpers add extra visual spice

THE NEW GRILL DESIGN
The front grill gets an ultra contemporary designer look

NEW REAR COMBINATION LAMPS
Sports a new hi-tech design

ALL-NEW WHEEL STATEMENT
Gleaming new alloy wheels, finished with an all-new wheel cap

NEW ORVM*
Now on the left hand side of the Lxi and Ldi. Internally adjustable. More sleek. More stylish

NEW INTERIORS

NEW DAZZLING DIAL**
The speedometer becomes even more stylish with all-new chrome instrument cluster and white illumination

NEW REAR SEAT HEAD RESTS**
Lean back and relax in the back

Zxi

Vxi

Lxi

SEATS WITH NEW FABRIC DESIGN
Enhances the feeling of luxury

NEW FEATURES

NEW DIGITAL CAR CLOCK
Enhanced convenience

NEW SMOOTH, SLEEK INTEGRATED AUDIO SYSTEM WITH STEERING WHEEL MOUNTED CONTROLS*
Best-in-class feature found only in the Swift

NEW TILT STEERING*
Drive easily after adjusting the steering wheel to your individual posture

NEW DOUBLE HORN
Increased safety

INDIA'S MOST ADVANCED DIESEL TECHNOLOGY

DIESEL ROCKS

The Swift has another way to captivate you. Diesel. Underneath that sculpted body lies advanced diesel technology that's unlike anything you have ever experienced before.

With unimaginable levels of power, refinement, responsiveness and fuel-efficiency. At the heart of this new technology is the DDiS engine, manufactured at our new state-of-the-art plant at Manesar, Haryana.

DDiS - THE BEST DIESEL ENGINE IN THE WORLD*

The Swift's DDiS engine is one of a kind. An international star. No other diesel engine[†] delivers so much performance, fuel-efficiency, driving pleasure and durability. Or such low noise and vibration levels.

- The DDiS engine - **International Engine of the Year[†]** in Europe
- **More pulling power** with Turbocharger and Intercooler combination (normally only fitted on big diesel engines for extra power and efficiency, a first in an engine of this size)
- **Smoother running, low noise and cleaner exhaust** thanks to a unique 5-step multi injection technology

- **Highly fuel-efficient** engine, thanks to a Double Over Head Camshaft (DOHC)
- 190 Nm of torque and 75 bhp for a **superior drive with fewer gear shifts**
- **Incredibly compact and light** 1.3 litre engine is highly fuel-efficient
- Minimum noise and vibrations
- Has a Chain Drive Timing System that makes the engine **maintenance-free** compared to other diesel engines[†]
- One of the cleanest, most **environment-friendly** engines available today

TECHNOLOGY IN ITS HEART

TURBOCHARGER AND INTERCOOLER COMBINATION

- Efficient combustion
- Higher torque
- Cleaner emissions

5 STEP MULTI INJECTION COMMON RAIL SYSTEM @1400 BAR

- Better fuel combustion
- Optimized NVH

DOUBLE OVER HEAD CAMSHAFT (DOHC)

- Precise & quick valve operation

CHAIN DRIVE TIMING SYSTEM WITH AUTO TENSIONER

- Maintenance free for the entire engine life
- Precise valve timing

16 VALVE CYLINDER HEAD

- Improves breathing
- Better fuel combustion
- Cleaner emissions

COOLED EGR SYSTEM

- Cooled exhaust gas recirculation
- Cleaner emissions

ALUMINIUM BED PLATE

- Reduced engine vibration
- Minimum noise

GREEN OIL FILTER

- Environmentally friendly
- Easy to maintain

DDiS

SUPERIOR COMMON RAIL DIRECT INJECTION TECHNOLOGY

Flatter torque: Even as RPM increases, torque remains almost constant. Which means fewer gear changes, easy city driving and lesser fatigue.

THE POWER OF PETROL

Superbly tuned, finely engineered and perfectly matched to the Swift, this responsive, fuel-efficient petrol engine makes the Swift a real driver's car.

ADVANCED PETROL ENGINEERING

Flatter torque - even at lesser rpm, torque remains almost constant. Which means fewer gear changes, easy city driving and lesser fatigue.

DRIVEN BY PETROL. LOVED BY THE WORLD.

- **RESPONSIVE AND POWERFUL** - advanced 1.3 litre, 16-valve Altec32 engine
- **GREAT PERFORMER** - light, free revving all-aluminium engine
- **MORE POWER FOR LESS PETROL** - 6 on-board computers control everything precisely from fuel to ignition timing
- **HIGHLY FUEL-EFFICIENT** - the 16-valve engine is built for strength and stamina, and delivers superb fuel economy of 15.6 kmpl**
- **GET THE POWER TO ZIP** - 87 bhp at 4000 rpm and 113 Nm of torque at just 4500 rpm
- **IDEAL FOR CITY TRAFFIC** - engine tuned to give you the best performance at low and mid range speeds
- **MORE COMFORTABLE DRIVES** - fewer gear changes, better fuel efficiency and less driver fatigue - thanks to great torque

CHOOSE THE TECHNOLOGY THAT'S RIGHT FOR YOU.

It's hard to choose from two such outstanding examples of technology.

What you should consider is the number of kilometres you clock every year to help you decide. Diesel is a good option if you drive long distances regularly. Whereas, if a car is driven

mostly over short and medium distances in start-stop city conditions then Petrol is the better option.

Whatever you choose, Petrol or Diesel, you can be sure of one thing. The Swift will always be a winner on the road.

VITAL STATISTICS

SPECIFICATIONS

BODY TYPE	PETROL	DIESEL
