# INTRODUCING THE NEW GRAND VITARA 2.4

The thing about power is that the more you have it,  
the more you want it. That's precisely what we've done.

The new Grand Vitara 2.4 is loaded with more power.

With this the new Grand Vitara has taken the three-decade  
Suzuki SUV heritage to a whole new paradigm.

This internationally acclaimed model is now here for you to indulge with.

# REBORN WITH MORE POWER

The new Grand Vitara 2.4 puts a lot of power in your hands, literally!

And figuratively speaking, 163.5 bhp of power at 6000 rpm and Torque of 225 Nm at 4000 rpm, assuring great acceleration. The brand new VVT (Variable Valve Timing) system enhances power & efficiency.

■ New Powerful 2.4 litre J Series DOHC Engine

■ Variable Valve Timing (VVT) gives better torque & efficiency

■ Variable Induction System (VIS) improves engine performance

■ 'Drive by Wire' and 'Chain Drive Timing' technology

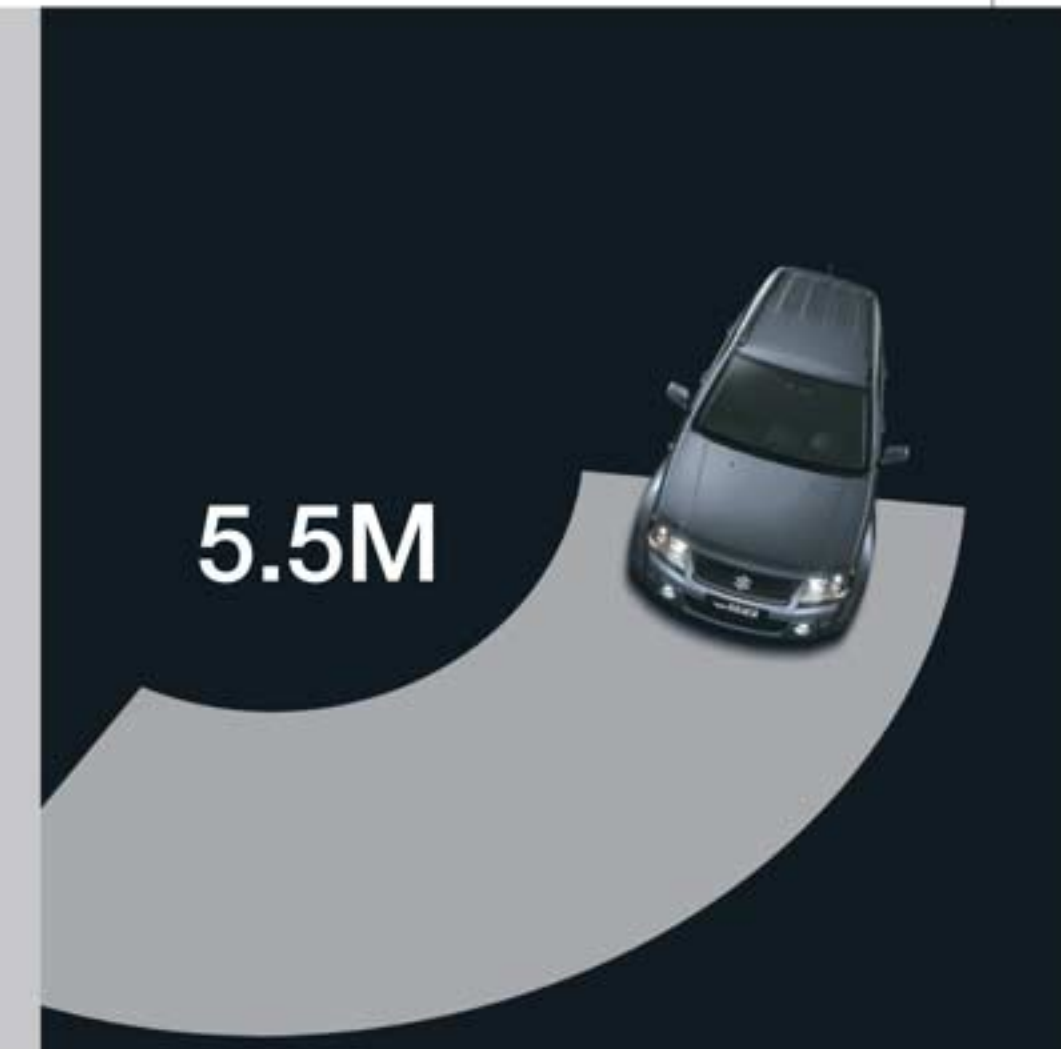

■ Choice of 5 speed manual (5 Forward + 1 Reverse) and 4 speed Automatic (4F + 1R) transmissions

■ Independent front and rear suspensions for better ride and handling

# REDISCOVER UNMATCHED CONTROL

Challenging terrains will challenge your drive. Leave them red-faced in the new Grand Vitara 2.4. The unique all time 4x4 drive distributes power to all four wheels at all times, ensuring control on all terrains. The lockable central differential & traction enhancer drive enhances your driving pleasure on & off the road.

Switch between four modes at the turn of a knob to suit your terrain

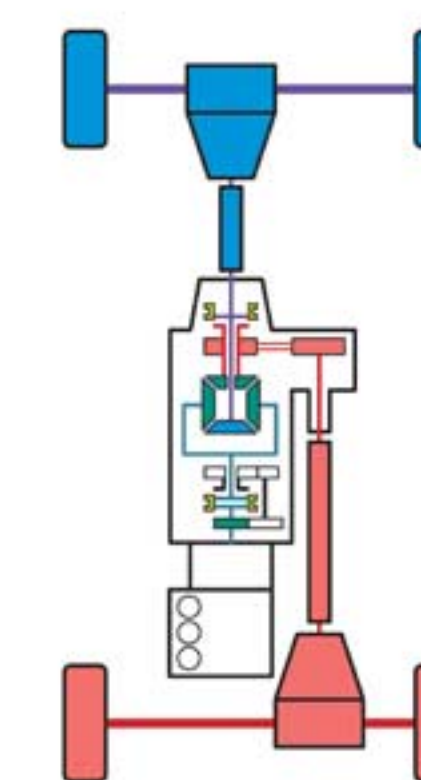

All time 4X4 Drive

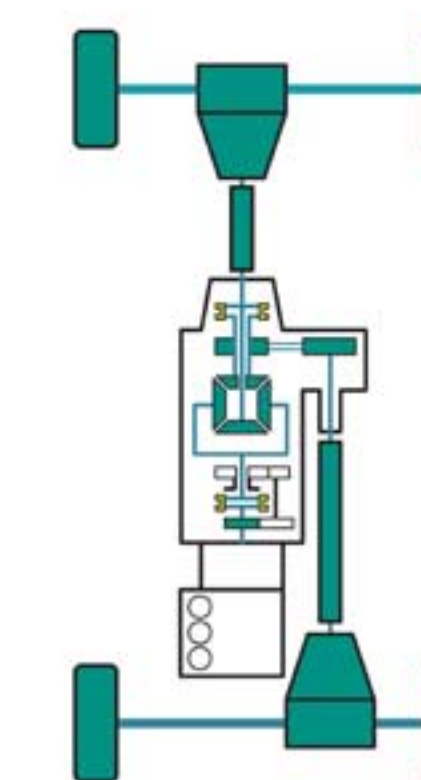

Low turning radius of 5.5 m

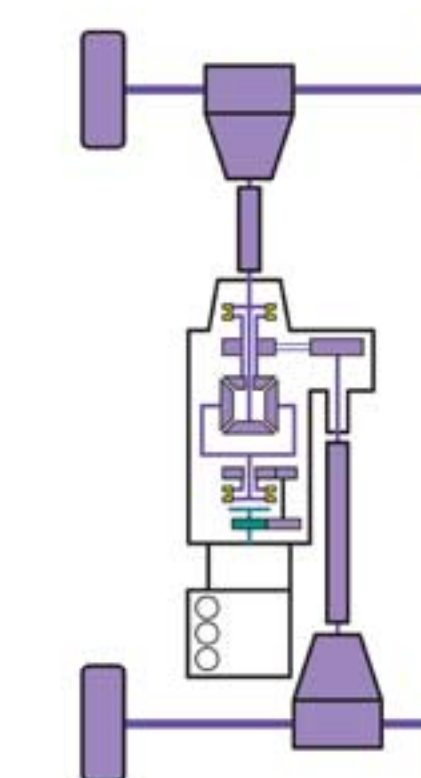

## Take on any terrain with all time four mode 4X4

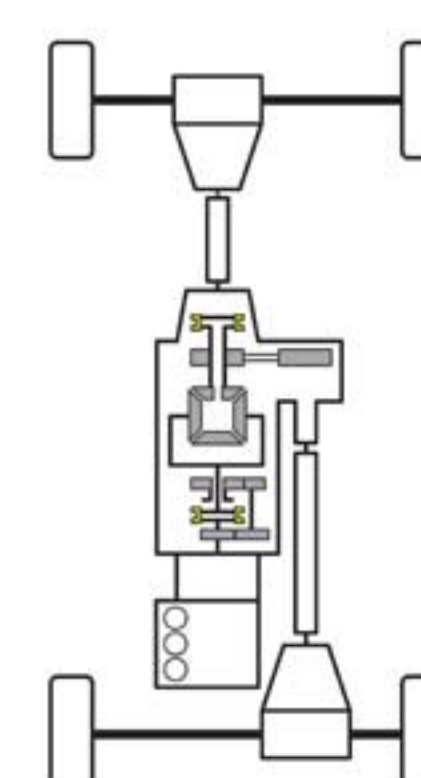

4 High: Central differential on. Power is sent to all wheels, all the time. Switch to this mode for normal driving.

4 High Lock: Central differential locked. Power sent to front and rear wheels equally. Switch to this mode for medium off roading.

4 Low Lock: Central differential locked. Power sent to front and rear wheels equally but after increasing the torque using a 'traction enhancer'. Switch to this mode when stuck in mud, sand or snow.

Neutral: Central differential unlocked. No power is sent to any wheel. Switch to this mode in the rare event of your vehicle being towed.

## RETREAT IN SAFETY

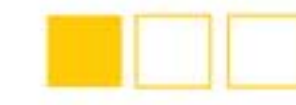

Fasten your seatbelts and forget all else except the view outside and the euphoric feel of the drive. Christened 'Suzuki Total Safety' (STS) the new Grand Vitara comes fully loaded with active & passive safety measures. STS also comes with the 'Sure Stop Braking System' (SSBS) which has ABS+EBD & Brake assist. It also features the new rear disc brakes. Go ahead drive away unbothered.

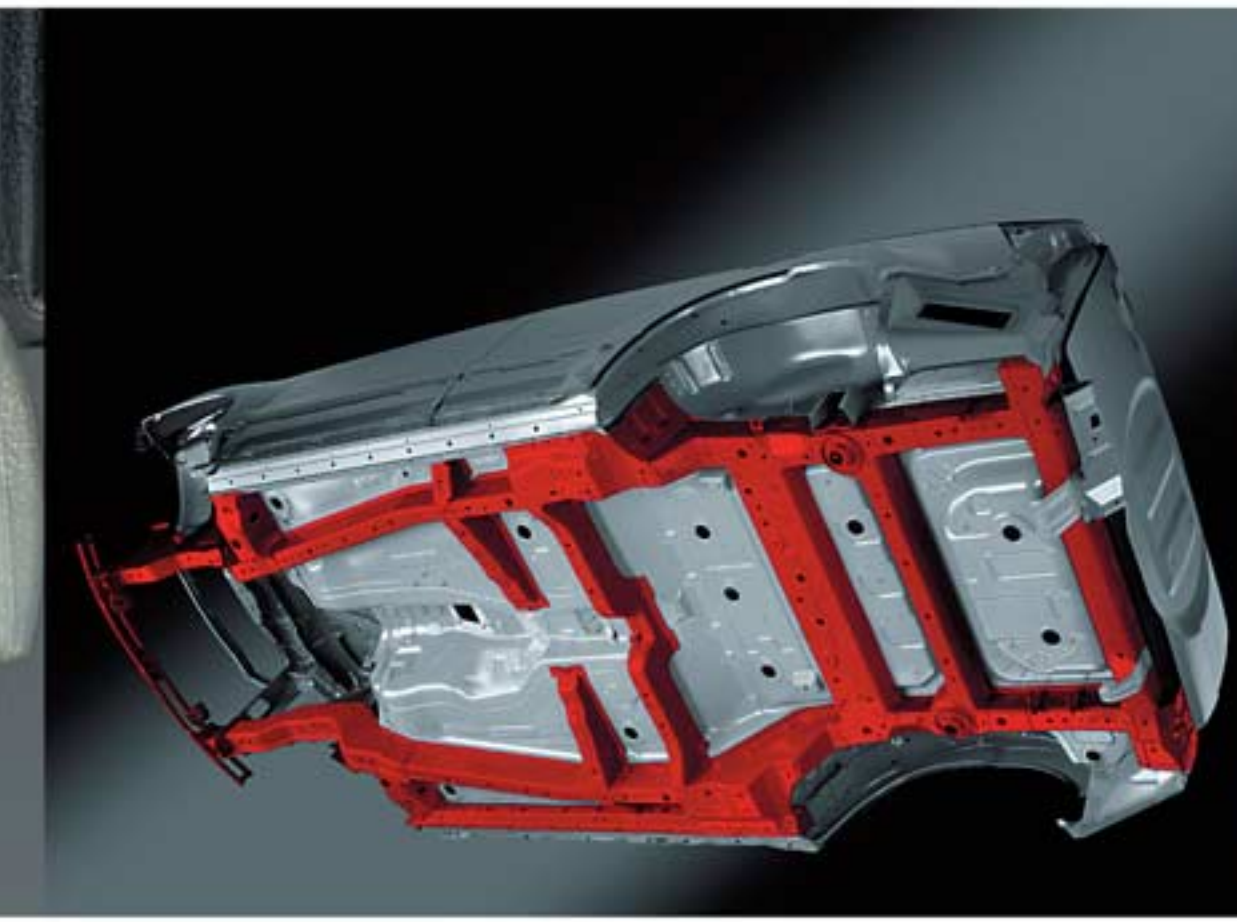

SUZUKI TOTAL SAFETY

SURE STOP BRAKING SYSTEM

Front & rear disc brakes

Specially designed monocoque body with 'built in ladder frame' for enhanced rigidity

Dual front air bags

## RE-CRAFTED WITH COMFORT AND LUXURY

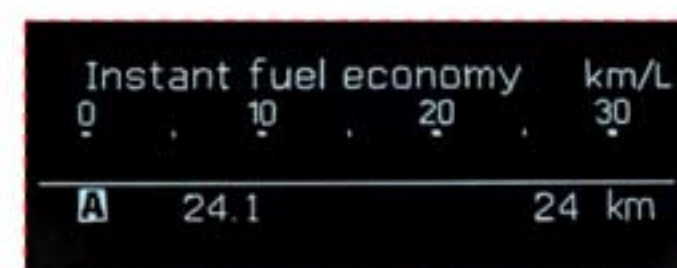

We've designed the new Grand Vitara with the new Multi-Information Display (MID) and topped it up with a brand new 6 CD changer and a centre speaker on the dashboard. Driving is made quieter by a redesigned powertrain and new acoustic materials, giving you a super silent cabin. Indulge by all means.

The MID provides the driver with easy to read and accurate vehicle information. It displays:

- Low fuel warning
- Vehicle average speed
- Instantaneous fuel mileage
- Odometer
- Cruising range
- Gear position (For automatic)
- Outside temperature
- Door ajar warning

Multi Information Display

Instrument panel with integrated MID

Centre speaker

Sliding arm rest

New digital A/C control panel

In dash 6 CD changer with AUX terminal

## REDEFINING STYLE

The new looks are all set to take on the world of machismo and style with its brand new front grille and front bumper. The new Grand Vitara is your statement of power and charisma.

  New 17 inches all aluminium alloy wheels

  New front grille and bumper

STEP ON TO THE GRAND STAGE AND  
TAKE A BRAND NEW LOOK AT THE  
WORLD.

YOU'VE EARNED THE POWER. NOW  
IS THE TIME TO PLAY WITH IT.

## SIX STUNNING COLOURS TO PLAY WITH

Phoenix Red Pearl

Nocturnal Blue  
Metallic

Clear Beige Metallic

Bluish Black Pearl

Pearl White

Silky Silver Metallic
