

THE NEXT-GENERATION **Indigo**
MANZA

INDULGE. IN STYLE.

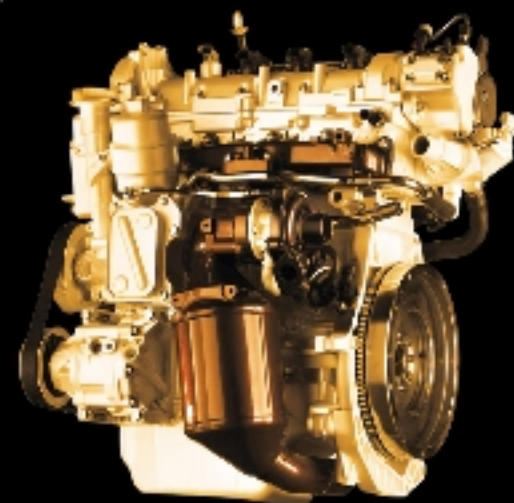

One look at the Indigo Manza and you know you have found something truly extraordinary. Because everything about the Manza is new. And everything is designed to redefine your idea of technology, comfort and extravagance.

To put it simply, it's exactly the kind of car that lets you escape into your own private oasis of indulgence even as you cruise through peak-hour traffic.

AT THE HEART OF INDULGENCE

The remarkable refinement of the Indigo Manza stems from the internationally acclaimed *SAFARI*[®] Petrol and *QUADRANT*[®] Diesel engines. Specially customised using a Continuous Variable Cam Phaser (CVCP) and an Intelligent Port Resizer (IPR), these engines give you that perfect balance of power and economy, on both open roads and city traffic.

Of course, the true test of the Manza is on the highway. Feel the smoothness as you cruise along on its extra large 15-inch wheels with tubeless radials that are designed to smoothen out every bump on the road. Supported by a skillfully-tuned front suspension, gas-charged front struts and rear dampers, the Indigo Manza offers perfect handling by ironing out road noises and vibrations. So now, driving will be as lavish an experience as being driven.

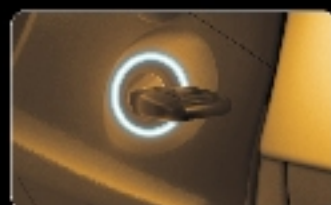

INDULGENCE BY DESIGN

The Indigo Manza reflects a whole new approach to design, right from the striking three barreled headlamps to the glossy chrome inserts on the rubrails. The real beauty of the Manza, however, lies within.

Unwind in your own personal den, the perfect setting to enjoy your favourite concerto on the advanced 2-DIN music system. With Blue[®] built in, your car virtually turns into a giant phone. The sophisticated Driver Information System gives you regular updates on what is going on under the hood as well as outside. And if you get carried away, the tachometer needle turns red when you hit the critical RPM, courtesy the Critical Rev Indicator (CRI). This car's design is not just about looks, it's equally about how pampered it makes you feel.

HEIGHT-ADJUSTABLE DRIVER'S SEAT
WITH LUMBAR SUPPORT

DUAL FRONT AIRBAGS WITH COLLAPSIBLE STEERING WHEEL

IT'S SAFE TO INDULGE

Power is best handled responsibly. Which is why, the Indigo Manza comes armed with a host of advanced safety features that meet stringent international standards. Strong side-door intrusion beams cushion any impact, while the superior crash-tested cockpit design ensures optimal protection to all occupants.

Complimenting this design is an advanced Anti-lock Braking System that ensures a sure-footed stop in microseconds even under unpredictable road conditions, while dual front airbags along with a collapsible steering offer ample protection in the event of an accident.

To get a taste of this level of indulgence, we invite you to a test drive. Come, experience first-hand how design and technology come together to give you a world of comfort and style that is unlike anything you have experienced. **COME. INDULGE. IN STYLE.**

SPECIFICATIONS		QUADRAJET ⁹⁰	SARTE ⁹⁰
