Halogen headlamps with headlamp levelling device	o
Front wiper(2 speed + intermittent)	o
Driver seat belt warning lamp	o
Child-proof rear door locks	o
Unique high mount stop lamp	o
HCATS	o
Ability to diagnose breakdown	o

SPECIFICATIONS

Model/Variants	WagonR Duo Lxi
<b>DIMENSIONS(in mm)</b>	
Length	3595
Width	1475
Height	1700
Wheelbase	2400
Front Tread	1295
Rear Tread	1290
Min. Ground Clearance	165
Min. Turning Radius(meter)	4.6
<b>ENGINE</b>	
Engine Type	All aluminum light weight K10B
Swept Volume	998cc
Emission	BSIV Compliant
Max. Power (LPG Mode)	46kW @ 6200 rpm
Max. Torque (LPG Mode)	85 Nm @ 3500 rpm
Max. Power (Gasoline Mode)	50 kW @ 6200 rpm
Max. Torque (Gasoline Mode)	90 Nm @ 3500 rpm
Number of Cylinders	3
Number of valves in each cylinder	4
<b>TRANSMISSION</b>	
Type	5 Speed MT (All new cable type gearshift)
<b>SUSPENSION SYSTEM</b>	
Front	McPherson Strut with coil spring
Rear	Isolated trailing link with coil spring
<b>WEIGHT(IN KG)</b>	
Kerb Weight	925
GVW	1350
<b>CAPACITY</b>	
Seating Capacity	5 Persons
Fuel Tank Capacity (Gasoline)	35 Litres
Fuel Tank Capacity (LPG)	28 Litres(water filling capacity)
<b>POWER STEERING</b>	
Type	Electronic Power Steering
<b>TYRES</b>	
Tyre Size(tubeless)	145/80R13
<b>BRAKES(8" Booster Assisted Brakes)</b>	
Front	Ventilated Disc
Rear	Drum

**WAGONR Duo**  
LPG OR PETROL. Get SET and Go!

### Introducing, the all new WagonR DUO with SET (Smart Efficient Technology) Advantage.

Smart Efficient Technology Advantage is an amalgamation of various high-end technologies which all contribute towards making the new WagonR DUO smarter and a leader in its class by enhancing its efficiency, performance, convenience, safety, comfort and eco-friendliness.

### Eco-friendliness

The new WagonR DUO takes its green quotient to a whole new level as it is not only ELV and BS IV compliant but also has the lowest emission levels in its class.

### Comfort and Convenience

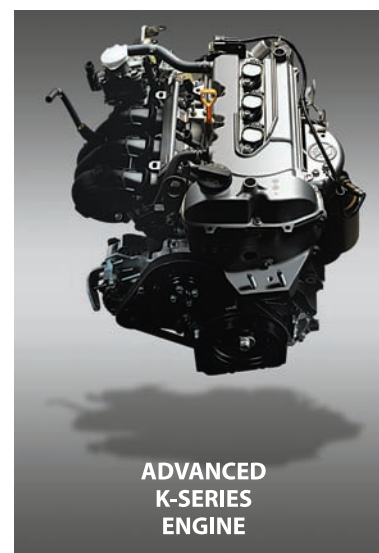

The SET Advantage in the new WagonR DUO also leads in terms of enhanced level of comfort.

- Made like other vehicles online - The new WagonR DUO is entirely built on the assembly line. It is designed as a dual fuel car, which gives it an edge in terms of design and durability.
- Improved Suspension - The new WagonR DUO has specially tuned suspension to accommodate the additional weight of the LPG system.
- Easy Filling Nozzle - The LPG filling process is simple as the filling nozzle is positioned the same way as the petrol filling point.
- Easy Changeover Switch - Switch between LPG (22.5 ltr. tank) and Petrol (35 ltr. tank) with the flick of a switch.

### Dynamic Performance

- Next Generation Sequential Injection System - This system helps in directly injecting LPG into different ports of the engine resulting in homogenous combustion. Thus, enhancing the performance of the vehicle by providing improved power and acceleration.
- Dual ECU - The new WagonR DUO has two ECUs, one each for LPG and petrol. With the SET Advantage in the new WagonR DUO these ECUs don't just work in isolation; they also communicate with each other to deliver optimum performance using CAN technology.
- CAN Technology - CAN or Controller Area Network protocol is the technology that enables the two ECUs to communicate with each other. It has been specially designed to allow the car to operate more intelligently, while also conducting self-diagnostic tests, which make the system more reliable.
- The SET Advantage also helps the all new WagonR DUO deliver best in class mileage for an LPG based vehicle at 14.4 kmpl.
- Special materials have been used in the engine which ensure safety and durability with LPG.
- Low running and maintenance cost.

### Smart Space Management

The new WagonR DUO uses smart space management to offer more room without compromising on other facets.

- Toroidal Tank - The unique space saving Italian design Toroidal LPG tank does not take up too much boot space.
- 60/40 Rear Split - The 60/40 rear split helps maximise and create more room for storage if the need arises.
- Innovative Spare-Wheel mounting - The spare-wheel is mounted in an innovative way to make the boot more spacious.

### Enhanced Safety

With the SET Advantage, the new WagonR DUO offers an advanced level of safety.

- All LPG system related harnesses are integrated with main harnesses which ensure safety against fire.
- The LPG variant is certified by DOE and ARAI.
- The WagonR DUO comes with a visual indication (diagnostic system) that informs the driver of any LPG related problems\*. In such cases, the LPG automatically shuts off and the car starts running on petrol.
- It has a robust LPG tank which is impact resistant to avoid any leakage in case of collision.
- Complete vehicle warranty.

DOE - Department of Explosives  
ARAI - Automotive Research Association of India

\*In certain critical conditions only.

The all new WagonR DUO is a car that is way ahead with its intelligent design and state of art technology that creates new standards in comfort, safety, reliability and performance. So, what are you waiting for, get SET and go!
