**\*Disclaimer**

Based on mobile phone compatibility , some options may be different from shown in this document

# ■ Pairing Mobile phone With i20 Bluetooth

## Step 1 :

To start Bluetooth pairing, Click on Phone Button

## Step 2 :

- You will observe this screen in the Audio system
- Turn ON Bluetooth in your Mobile

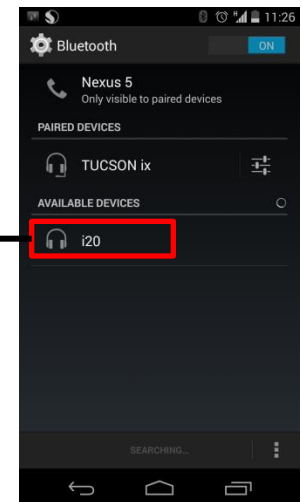

## Step 4 :

- After connection is established, Bluetooth icon will be displayed on the top of the Audio screen
- Message on the screen states – 'Pairing complete'

## Step 3 :

- Search for audio system in your Mobile phone

- Click on 'i20' in your mobile to start connection
- If Mobile asks for "pass key" enter '0000' in your mobile
