

Ford ECOSPORT

Because we want you to live more everyday.

Life should not be limited to the weekends. That's why we've refurbished the EcoSport with features like Satellite Navigation and Cruise Control, that help you get more out of life. Now your car can be the perfect companion on your quest to live it up.

There's Just No Stopping You

Live life on the fly with the new 20.3 cm Touchscreen System. Stay on top of your entertainment and navigation; all accessible at the tap of a finger.

Embedded Satellite Navigation

Find your way with ease, no matter where you go. Just feed your destination in to the navigation system and never find yourself stopping to ask for directions.

DVD Player (Video)

Just push in a DVD and keep boredom far away. Your entertainment will always be right by your side.

Rear View Camera

There should be no looking back, be it in life or your drive. With the rear view camera right in front of you, parking will always be a breeze.

Door Ajar Warning

Safety always comes first. And so, with the door ajar warning, every journey will always start on a safe note, with securely closed doors.

*Images shown are of PLATINUM edition.

Operating DVD player and Navigation System while driving can distract your attention and is prohibited by laws. Ford does not recommend playing DVD player and change navigation settings while driving. Stop the vehicle in a safe and legal manner before attempting these operations. If the speed of the vehicle exceeds 8 km/hr the video will not play. Navigation destination function will not work while the vehicle is running. Please contact Ford dealership or Ford customer relationship center for further details.

43.18 cm Diamond Cut Alloy Wheels

Go big, go bold, and make your presence felt when you take to the roads with 43.18 cm alloy wheels. It's not just your car that'll feel tall, you will too.

Available in the PLATINUM edition.

40.64 cm Alloy Wheels

Style meets substance with 40.64 cm of sleek alloy wheels. Now take your car for a spin that feels like floating on clouds.

Available in the TITANIUM series.

Black Painted Roof

Make a statement every time you drive the new EcoSport. With a sporty black roof, style is something you'll never have to worry about again.

Cruise Control

Never stress on your long drives. Just set your speed on the cruise control, and sit back and relax. Your EcoSport will make sure it maintains the speed for you.

Keyless Entry with Push-Button Start

Forget fumbling for your keys. As long as you have your key fob with you, your EcoSport's doors automatically unlock when you're nearby. Once on your seat, just press the clutch, push the Ford Power Starter button and the engine fires to life.

International Engine of the Year

It's tough to find a better combination of fuel economy and power than the turbocharged 1.0l EcoBoost. Having held the title of the most Awarded International Engine for the last 5 years, this revolutionary petrol engine delivers the growl you need.

ABS with EBD

When you have to stop quickly, you want to be sure you stop, not slide. ABS (Anti-lock Braking System) and EBD (Electronic Brake Force Distribution) prevent the wheels from locking in an emergency, and give you a greater sense of stability and control.

Front and Rear Bumper Appliques

The front and rear bumper appliques enhance the EcoSport's looks and give you an outstanding road presence.

Reverse Camera

The precise infrared camera makes sure you don't miss anything as you reverse your car, no matter how small.

Rain-Sensing Wipers

Let it rain, hail or just drizzle. As soon as it starts, the windscreen wipers will spring to life, so you can see the road ahead.

Auto-Dimming Mirror

Are you blinded by tailgaters obstructing your view? The electrochromic technology in the EcoSport's rear-view mirror darkens automatically at night in response to headlights, thereby reducing the glare that can create visibility problems.

Automatic Headlamps with Signature Lightguide

Light your way in effortless style with automatic headlamps that sense light, and the distinctively bold lightguides. Now get used to the heads turning.

Enhanced Style with a Premium Look

Stand out with your EcoSport's beautifully crafted chrome instrument cluster and air register tabs.

Six Airbags

There are many reasons to feel safer in the Ford EcoSport. It has been fitted with some of the latest protective technologies that add up to invaluable peace of mind – wherever you go, in whatever conditions.

Colours

Choose from an array of attractive colours for your EcoSport and drive away with the one that appeals to you the most.
