Terms of Service

Please read this page before booking a car inspection. The following are the terms and conditions for use of our vehicle inspection service ("Service"). Please read them carefully.

1. Our vehicle inspections are prepared from visual and external checks only and are limited to the parts and/or items identified on the inspection report sheet. Vehicle inspections do not involve dismantling or disturbing of any structure, assembly, component, or internal mechanism. Items which are listed on the inspection report sheet, but which are not reasonably accessible on the checked vehicle will not be inspected. In such circumstances we will be under no obligation to inspect and/or report on the part/item in question and will mark the relevant section of the report accordingly.

2. Road testing is carried out within the immediate area of the vehicle inspection. The term 'Test-Drive' does not necessarily mean that the inspector will drive the vehicle himself. Any damage with respect to car, person or liabilities will be owned by Customer. All marked as * are optional checking, based on vehicle feature availability.
3. All fees and charges must be paid by credit/debit card at the time of booking. In the event of cancellation by the customer we reserve the right to charge a cancellation fee. If for any reason you do not wish to proceed with the inspection you may cancel it at any time up until we physically arrive on site to perform the service (providing there is no additional mileage involved in your assignment). However, once we are on site you no longer have the right to cancel the inspection. We shall not be liable for any delay in performing, or any failure to carry out an inspection to the extent that such delay or failure results from events or circumstances outside our reasonable control.
4. We shall not be liable for any guarantee/warranty of car/parts/damage/accident/loss during inspection or after inspection over and handover to customer in all statement or clause further.

Observations :-

1. Inside cleaning
2. Outside cleaning
