Reverse Park Audio assist

- 4 sensors placed on the rear bumper

The reverse park audio assist works as follows:

- Place the car at a distance of 2000 mm from an obstacle as shown above
- Engage reverse gear- buzzer will sound for 0.8 sec- indicating healthy system
- Slowly move the car towards wall for 800 mm- No beep heard during this travel
- Zone2- Green- Move again 400m towards wall- SLOW BEEP is heard
- Zone3- Amber- In next 300 mm travel towards wall- BEEP is Faster than in Zone2
- Zone4- Red- As soon as zone3 travel is finished, CONTINUOUS BEEP is heard in Zone4
- Stop the car as it is close to obstacle now
