

3M CAR CARE

Keep your car looking new

Hello!

If you are reading this, most likely, you are a car enthusiast and love "Keeping Your Car Looking New"

However, you always longed for an authentic place to get your car done.

3M has now opened state of the art "3M Car Care Center" in India where you can actually leave your car with experts trained by 3M. Of course, you could also stay back at these centers and work in our Wi-Fi enabled customer lounges. And while you sit, your car is worked upon and transformed into a beauty that you can drool over.

This presentation would give you a glimpse of the very detailed work that happens at "3M Car Care Centers" and what it has to offer to people like you.

Read on!

Just like the first day
