## OUR ROOTS & REACH...

Banco Products (India) Limited was founded as a privately owned company in 1961 as manufacturer of copper/brass heat exchangers.

In 1969, we pioneered in the Indian market to develop engine cooling module for Diesel Traction Locomotives and now supply cooling module for 4000 HP Locomotives. Thereafter in 2003, company diversified into design & manufacturing of brazed aluminium radiators, oil-coolers and intercoolers for commercial vehicles, cars, agricultural tractors, off-road and earth moving equipments.

The company was listed on Indian stock exchange in 1987 and currently, Banco Group in India also manufactures engine sealing gaskets, moulded rubber gaskets & precision aluminium extrusions.

In early 2010, Banco Products has purchased 100% share ownership of Nederlandse Radiatoren Fabriek B.V. and its subsidiaries in 10 different european countries, which will enable both companies to increase business substantially in OEM

business segments which accounts for large portion of Banco business. Banco Products will leverage its OEM design and manufacturing capability to enhance jointly, NRF's OEM relationships globally.

NRF b.v. is manufacturing aluminium & copper brass radiators, oil-coolers, charged air coolers, marine heat exchangers, with branches in ten countries in EEC employing 360 people. NRF is a small series OEM supplier to key accounts such as BMW, Claas, DAF, Damen, Daimler, Donkervoort, DBT, Deutz, Frigoblock, Ginaf, Grove, Hansa, Ingersoll Rand, Liebherr, Nacco, Pon Power-Caterpillar, Tennant, VDL Bus, Vitronics, Volvo, and Werklust, to mention a few. With purchase of NRF by, we have added Marine Box Coolers, Condensers, Compressors & Evaporators as part of our product programme.

Turnover of the Group will be in excess of US\$ 225 million.

## COMPANY PHILOSOPHY

Total Customer Satisfaction by providing innovative products & services that meet their expectations every time. More than 50 experienced engineers involved in new product development and striving to deliver cost effective and innovative solutions for our diverse global customer base. We emphasize on excellence in product quality and delivery using environment friendly manufacturing processes.

# MANUFACTURING EXCELLENCE...

Modern manufacturing technologies are employed at Banco factories in conformance to highest quality system standards and in accordance to ISO 9001 / TS 16949 : 2002.

Layout of multiple production lines, enables us to process both large and small production batches simultaneously within a specified lead time.

Banco has strong commitment to protect the environment and all production process employ principles of recycling at all available opportunities.

Continuous training on identified needs affecting process control and product quality is key factory management objective .

*Component Press Shop*

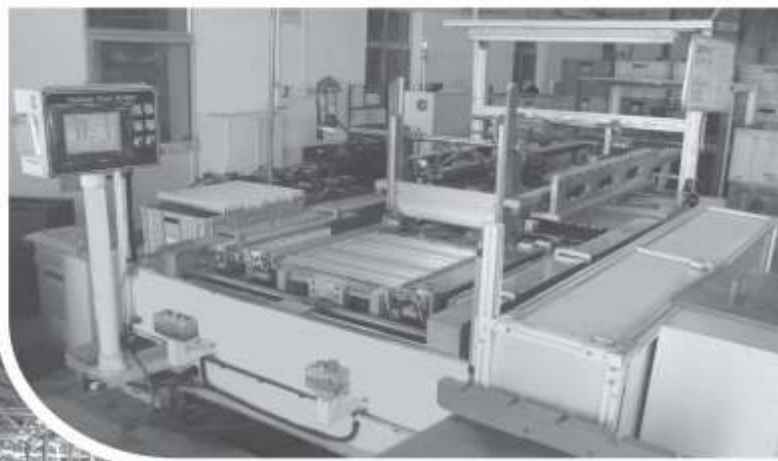

*Welded Tube Mill*

Semi-automatic  
core assembly jig

Continuous & Batch Nocolok brazing furnaces,  
brazed core pickup & inspection area

*Fin manufacturing line*

## AUTOMOTIVE

*Compact down flow and cross flow aluminium radiators in varied core thickness as well as compact cooling modules (rad + toc + condensor)*

*Supply of complete Cooling Module comprising of Radiator, Intercooler, Oil Cooler, Fan Cowl and Mounting Frame.*

## AGRICULTURE & MATERIAL HANDLING EQUIPMENTS

*Specialized aluminium radiators with minimal debris clogging (louver free) air fins with plastic / sheet metal cowls for farm equipments.*

## POWER GENETRATION & COMPRESSORS

*Aluminium Air to Air Coolers as well as oil coolers in plate/bar construction designed for extreme reliability and service. Radiators & Charged Air Cooling Packs for 10 KVA to 3000 KVA.*

# CERTIFICATE

This is to certify that

## **Banco Products (India) Ltd.**

Padra Road, Near Bhailli Railway Station  
Dist. Vadodara  
BIL – 391 410  
INDIA

has implemented and maintains a **Quality Management System.**

Scope:

The Design and Manufacture of Radiators & Heat Exchangers.

An audit, conducted and documented in a report, has verified that this quality management system fulfills the requirements of the following ISO Technical Specification:

## **ISO/TS 16949 : 2009**

(with product design)
