

WASHINGDONE

Company Credentials

Washingdone offers a range of premium quality products thoroughly tested to satisfy the needs of car detailing enthusiasts, as well as the exacting requirements of professionals. At Washingdone, we spare no effort or expense to provide you with the most innovative solutions, always producing exceptional results and ensuring your satisfaction. The brand, located in a modern facility in the heart of India, quickly established its position as one of the leading manufacturer in car care industry. Developing innovative maintenance products, Washingdone combined user friendly characteristics and state of the art packaging, setting new levels in the industry.

OUR **ULTIMATE** TECHNOLOGIES

It is an **innovative** single-phase, extremely efficient product that is designed for contactless, scratch free cleaning of various vehicles: cars, pick-ups, vans, trucks, trailers, boats, etc. Washingdone Touchless Wash has a deep cleansing effect and also has a color and shine enhancing effect. It is based on Nano Technology and it has anti-corrosive properties.

It's Just **DONE**

Benefits of Washingdone

100% SCRATCHLESS

Traditional washing method causes scratches on vehicles' body part due to sand grains on sponges. Washingdone offers contactless washing experience which ensures scratch free cleaning of vehicles.

100% TOUCHLESS

Washingdone Lets you wash any part of your vehicle- including body, under chasis, wheels etc- without direct contact on the vehicle.

SAVE TIME

Quick washing technology of washingdone saves a huge amount of time for workers and customers as well.

SAVE ENERGY

Washingdone offers the luxury of automatic washing without using an automatic machine. This helps car washes to go advanced with a way lesser cost and energy consumption.

ECONOMIC

Washingdone helps to minimize the time and effort for washing by serving the purpose of an automatic machine, quite affordably.

Maximize Shine

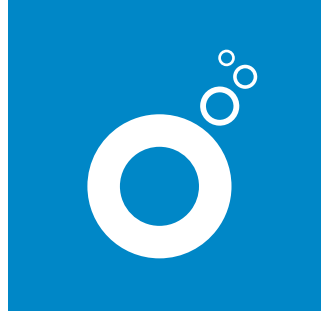

The advanced formula is tough on dirt, gentle on paintwork, and safe for wax, glaze, and sealant coatings.
