LIGHT UP YOUR LIFE.

LED ADDITIONAL HEADLIGHTS*

Switched on or off: the completely revamped LED additional headlights light the way with their design. They combine the classic MINI additional headlights familiar from rally sports with modern LED lighting technology, delivering impressive performance with their innovative ability. When switched off, the light source is initially invisible, and instead the most striking feature is a delicate spar sporting the striking MINI lettering. These additional headlights therefore match the sophisticated design of the MINI perfectly.

HALOGEN ADDITIONAL HEADLIGHTS*

Available in chrome or black, the halogen additional headlights integrate perfectly with the design of the MINI Clubman.

The additional headlights cast twice as much light onto the road, whilst the embossed MINI logo on the lenses allow the headlights to be recognised immediately as a Genuine MINI accessory.

POWER AND BLUE HALOGEN BULBS

The new MINI H4 Power halogen lamps offer up to 110% more light performance compared to normal H4 lamps. This gives significantly improved illumination when the low-beam headlight is used and an extremely bright, white high-beam headlight with a colour temperature of 4300 Kelvin.

The new MINI Blue H4 halogen lamps produce an extremely bright, white light on the road (up to 60% more light performance) and an unusual blue light effect in the headlight.

COMMUNICATION AND TECHNOLOGY.

PLUGGED IN.

MINI HEAD-UP SCREEN.

The Head-Up Screen is a new and innovative product that displays various car and navigation information on a transparent screen.

The screen is installed on the dashboard and is positioned at the height of the steering wheel. All of the information is therefore in the driver's direct line of vision.

The Head-Up Screen has an integrated smartphone interface.

As a result, information from smartphone apps can also be displayed. Garmin, as a navigation specialist, offers a matching navigation application.

As a result, next to the relevant vehicle data, the Head-Up Screen also displays navigation information. All of the settings can also be carried out via the free-of-charge Head-Up Screen app.

The Head-Up Screen can be retrofitted to virtually all MINI cars. The innovative Head-Up Screen offers the driver two core functions: display of current vehicle information and navigation.

The information on the Head-Up Screen is very easy to read even in direct sunlight. During the hours of darkness, the display adjusts the brightness automatically downwards in the same way as for the dashboard instruments.

The frame of the Head-Up Screen in sophisticated black does not reflect sunlight, preventing the driver from being dazzled. With the Head-Up Screen, MINI is offering a product that delivers innovative OLED technology and high-quality material, which is also perfectly coordinated with the design of MINI cars.

MINI CLICK & DRIVE SYSTEM AND PORTABLE NAVIGATION XL.

The MINI Click & Drive System comprises a base carrier for navigation devices that combines functionality and design in a unique way. The cradle is optimally positioned so that the driver always has the navigation device in his field of vision while driving.

The Click & Drive add-on builds on the tried-and-tested MINI Click & Drive System, however it follows a new design.

- Perfect view: The new attachment point behind the speedometer ensures a completely clear field of vision
- Swiveling cradle, ergonomically operated and visible from all positions
- Exchangeable spars boasting MINI lettering in high-gloss black
- Base carrier becomes virtually invisible when folded away

Portable Navigation XL features include active lane guidance to help you find the correct lane at all times, automatic voice recognition to enter destinations and an innovative splitscreen function to show the map and actual driving direction with route and traffic signs.

CHILD SEATS.

MINI baby and junior seats are soft and comfortable in everyday use, the integrated air pads provide additional protection in the event of side impact. ISOFIX technology makes the seat exceptionally safe because it eliminates the risk of the seat being incorrectly fitted in the vehicle. The covers are removable and washable at 30°C.

You can choose between the powerful fashion shade Vivid Green or the traditional Union Jack in a modern look. The MINI logo is printed on the outside of this high quality seat and has been set so that it is clearly visible outside the car too.

The price does not include fitting and is the responsibility of the vehicle owner. Each retailer can offer a fully trained technician to provide guidance and a free demonstration on how to correctly and safely install the child seat, however, the final installation is solely down to the vehicle owner.

CHILD RESTRAINT SYSTEM WITH ISOFIX BASE

The MINI Baby Seat Group 0+ and MINI Junior Seat Group 1 with ISOFIX are child seats with a systematic approach for babies and small children up to the age of around 4 years. The Baby Seat 0+ can be used with or without the ISOFIX base, whilst the Junior Seat 1 requires the base. Both seats have integrated air pads (patented), which provide additional head protection in the event of a side-on collision. In everyday use, the air pads are soft and comfortable.

CHILD RESTRAINT SYSTEM

The MINI Junior Seat 2/3, with its inclination matching the car seat, has been designed especially for children weighing between 15 and 36 kg and measuring 95 – 150 cm tall, making it ideal for children between the ages of around 3 and 12 years. The seat is secured using the car's three-point seat belt. The seat can also be secured using the integrated connectors to the ISOFIX anchor points in the car to ensure greater stability. Both seats have integrated air pads (patented), which provide additional protection for the head in the event of a side-on collision. In everyday use, the air pads are soft and comfortable.

MINI TRACKSTAR AND TRACKSTAR ADVANCE. AROUND THE CLOCK SURVEILLANCE FOR YOUR MINI.

KEEP IT SAFE WITH MINI TRACKSTAR.

Keep your MINI safe and sound from even the most tech-savvy car thieves with MINI Trackstar.

The only MINI-approved stolen vehicle recovery product that utilises GPS (Global Positioning Satellite), GSM (Global Systems for Mobile Communications) and an integrated motion detector, MINI Trackstar can reunite you with your MINI in as little as eight minutes.

If your MINI goes missing, the Trackstar Control Centre will be able to locate it 24 hours a day, 365 days a year so you can have complete peace of mind.

MINI TRACKSTAR CAT 6.

As soon as you switch the engine off, MINI Trackstar switches itself on, so if your MINI is stolen the Trackstar Control Centre can immediately pinpoint its position. Using state-of-the-art satellite technology, the Trackstar unit in your MINI will send an 'I'm here!' signal to the control centre every 20 seconds. The Trackstar Control Centre will work with the Police to get your MINI back any time of the day or night.

MINI TRACKSTAR CAT 6 ADVANCE.

The latest product in the range is Trackstar Advance which uses a clever electronic keytag to provide an advanced level of theft prevention. With MINI Trackstar Advance a key tag is needed as well as your usual car key. This connects to the in-car system and recognises you as the owner of the car, otherwise your MINI will refuse to start.

MINI CAR CARE PRODUCTS.

MINI Care Products are offered in a stylish racing look and the containers feature start numbers as a stylistic element, and are a real eye-catcher. The 1960s and nostalgic racing chic were an important inspiration in the development of new MINI Care Products, and underline the emotional value of the MINI brand.

JUST LIKE NEW.

PROTECT YOUR PAINTWORK AND INTERIOR FOR LIFE.

THE PROBLEM.

Spending time out and about in your MINI is one of life's pleasures, but every journey increases your car's exposure to a number of harsh environmental factors.

Thanks to the likes of airborne pollution, tree sap, UV rays, detergent and acid rain, regular erosion means that your MINI needs extra protection if you want it to keep its show-stopping shine.

But it's not just your paintwork that's under threat. Airborne dirt transferred by you, your family and pets into your car, means that your interior is at risk from staining too.

THE SOLUTION.

The products in the MINI Protect X range shield your paintwork from environmental nasties, and give your MINI that eye-catching glossy finish it deserves.

They also keep seat fabrics and carpets stain-free, and make sure leather stays soft and supple – but the benefits don't stop there. You will also be given a take-home car care kit containing a selection of cleaning items that will help keep your MINI in perfect condition.

So you can rest assured that your MINI, and its future resale value, stays protected.

GUARANTEED FOR LIFE.

MINI Protect X keeps your car looking like new, inside and out. Applied by experts, our new vehicle protection system does the following:

- Maintains that high-gloss showroom finish, wash after wash
- Guards your paintwork and interior
- Protects the future resale value of your MINI
- Enhances safety and visibility in wet driving conditions
- Includes a transferable Lifetime Guarantee for paint, leather and fabrics*

*There is an administration fee to pay to transfer the Lifetime Guarantee.

THE PERFECT FINISH.

CUSTOMER TAKE-HOME CAR CARE KIT.

But the benefits don't stop there. You will also be given a MINI branded take-home car care kit which contain a host of items including shampoo, wheel cleaner, interior care cloths and glass cleaner – everything you will need to keep your MINI in perfect condition.
