

2 DIN Audio System

Keep yourself entertained with this 2 DIN Audio System that plays everything from CDs to MP3s. It also comes with a hand-remote so you can control it from anywhere.

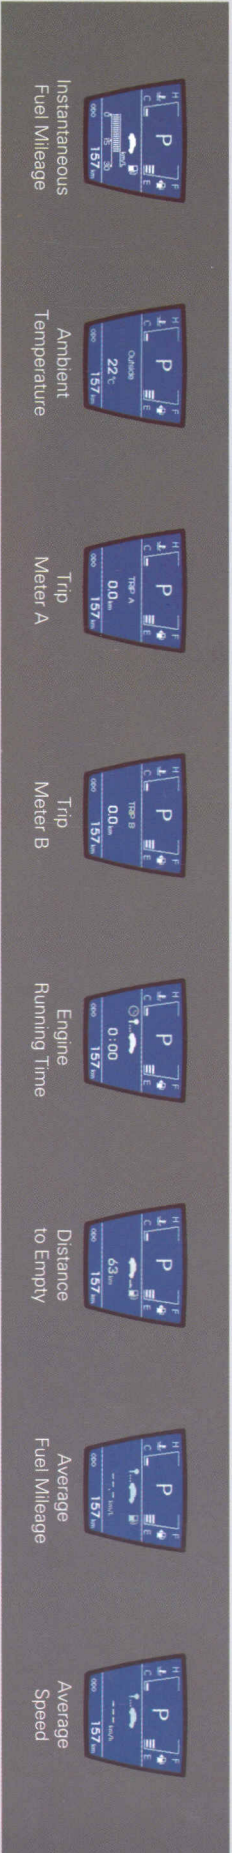

Supervision Cluster

No-nonsense functionality meets sporting elegance in the Supervision Cluster of the new Verano. With its circular rev counter and speedometer illuminated with white and blue lighting for optimum clarity and readability, the cluster provides vehicle information through both sight and sound.

Bluetooth Hands Free + Steering Mounted Audio Controls

Thanks to the Steering Mounted Remote, you can control your audio system on the fly with just a push of a button as well as take and receive calls via Bluetooth.

Driver Information System

The new Verano comes equipped with an onboard computer that gives you useful driving information such as Journey time and 'Distance to empty', helping you manage your trips better. This panel also has a 1st in segment ECO drive indicator in the Automatic variant that helps you drive in a more fuel-efficient way.

Clean Air

Clean Air-Cluster Ionizer

The in-built, Cluster Ionizer purifies the cabin air and keeps it fresh and healthy.

Smart Key with Button Start

Sensors in the new Verano detect the smart key's presence and the door can be unlocked by just pressing a button on the outside door handle. The Smart Key also facilitates keyless ignition and remote opening of doors and boot.

MT Shift Indicator

The manual transmission Shift Indicator helps you achieve optimum gear usage and gives you maximum fuel efficiency while driving.

USB + iPod + Aux

The integrated system supports other multimedia devices like iPods and USBs, allowing you to have access to unlimited music.

More features than you ever thought possible

The Fluidic Sculpture philosophy finds its natural continuity inside the new Verna in the Y-shaped crash pad that divides the cabin symmetrically while innovation is further reflected in the many features the new Verna sports.

An interior that's steeped in luxury

The interiors of the new Verna have been carefully sculpted with an unerring eye for detail. From the leather upholstery to sliding armrests, from height adjustable headrests to the sunglass holder, everything has been thought about and carefully executed.

Sunvisor with Mirror

The Sunvisor has been designed using a knit-embossed fabric for a luxurious feel and also sports a pocket type ticket holder and vanity mirror for convenience.

Sunglass Holder

The new Verna sports a fabric-lined Sunglass Holder, so they're exactly where you need them, and never in the way.

Cooled Glove Box

The Glove compartment is voluminous and cooled by the air-conditioning system so that your things remain cool, no matter what the temperature outside.

Sliding Armrest

The center armrest in the new Verna comes with sliding function and storage space for enhanced convenience.

Power Window Controls
Ergonomically positioned, the Power Window Control switches are designed for a better grip.

Fully Automatic Air Conditioner
The new Verna allows you to set climate levels with the Fully Automatic Air Conditioning system. Just set the temperature and the system takes over to ensure uniform, convenient cooling for everyone all the time.

Leather Upholstery
To lend a rich, luxurious look, the inside of the new Verna sports plush, beige Leather Upholstery, both on the seats and door pads.

Height-adjustable Seatbelts
The new Verna sports Seatbelts that adjust to your height to give you more comfort and better safety.

Manual Air Conditioner
This convenient and instantly recognizable triple dial knob lets you control and adjust the temperature and airflow according to your need.

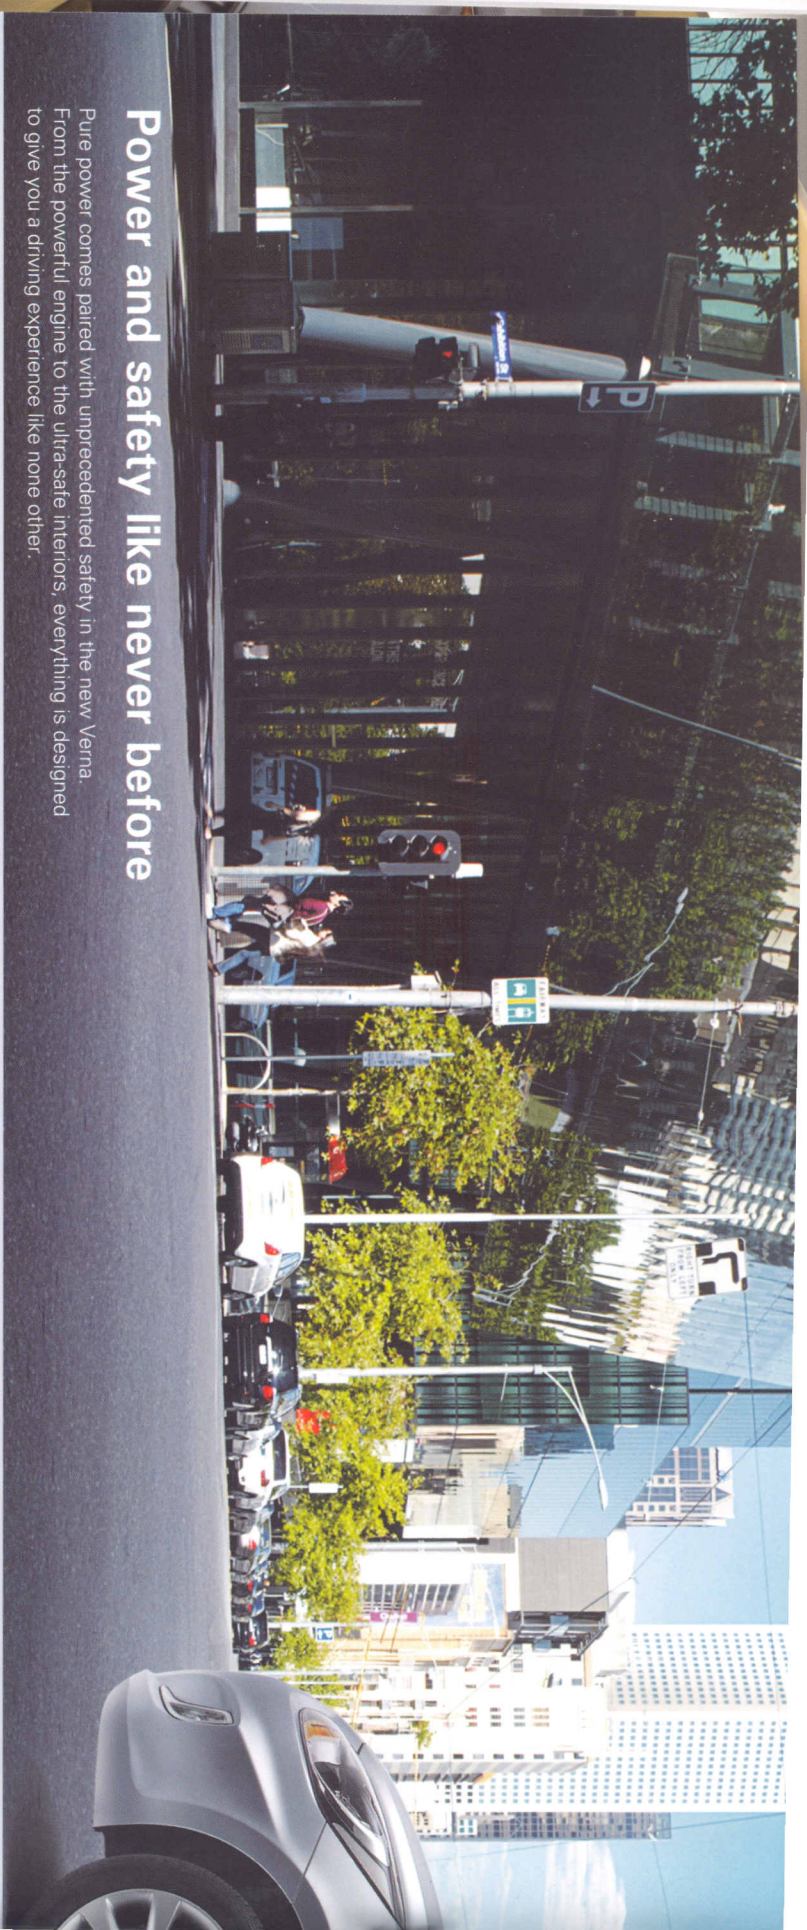

Luggage Space
The Luggage Space is impressive in capacity with enough to hold all your traveling needs. A Luggage Net is also provided to keep them in place during travel.

Rear Seat Armrest
The Armrest in the rear doubles up as support and as a storage space in which you can keep things for easy access.

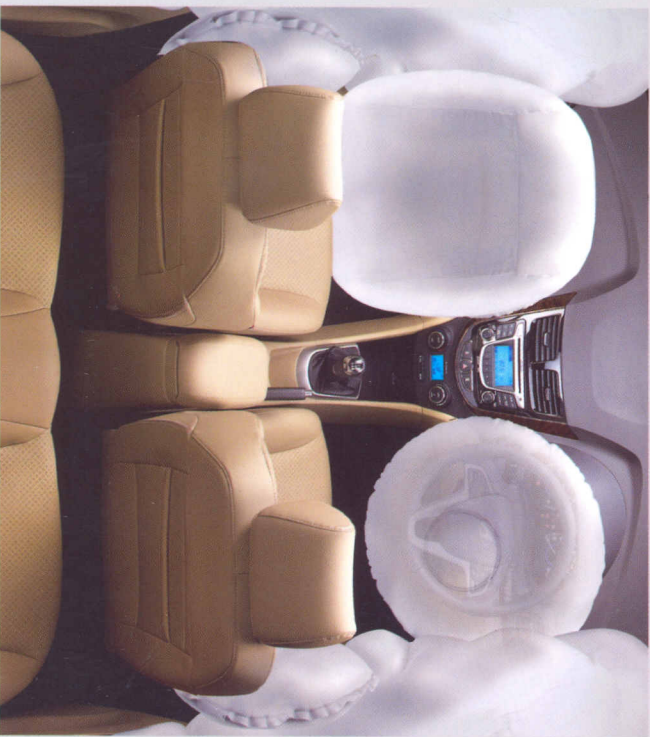

Height-adjustable Headrests
The front and rear Headrests in the new Verna are height-adjustable for maximum comfort.

Power and safety like never before

Pure power comes paired with unprecedented safety in the new Verano. From the powerful engine to the ultra-safe interiors, everything is designed to give you a driving experience like none other.

6 Airbags 7.5L In segment

The new Verano offers all-round protection with 6 airbags – 2 curtain airbags running along the length of the cabin, 2 side airbags and 2 for the driver and front passenger.

Rear Parking Assist System 7.5L In segment

Parking is now a breeze with the visually guided parking system in the electro-chronic rearview mirror where a camera helps you align the car in relation to other vehicles and the kerb.

ECM (Electro-Chronic Mirror) 7.5L In segment

This mirror automatically senses and reduces light intrusion from vehicles following you, dramatically reducing glare.

ABS with EBD

Driving over wet and slippery roads is now a lot safer with the new Verano's ABS system. The EBD System distributes the brake force on all four wheels according to vehicle load.

Rear Proximity Warning System 7.5L In segment

Sensors in the rear bumper detect objects you can't see while reversing and sound a warning if you get too close.
