About Us

KÖNIG has been setting the trend while dominating the wheel industry for over 25 years. All KÖNIG Wheels are designed to look aggressive on the street and perform on the track. Every wheel brought to you is proven with years of track-tested innovation. Our quality is second to none and we show that design after

design. We make the best products because we refuse to settle for anything less. This is why we are not just a wheel company; we have become a permanent fixture in the automotive industry. KÖNIG is one of the industry's most coveted aftermarket wheels and we take pride in creating them for our customers.

The Power of Appeal

Privat Wheels is the Elite brand line from König Wheels. König has been setting trends and revolutionizing the wheel industry for 25 years. Dedicated to providing high quality products and services, Privat Wheels continues to be on the cutting edge of technology.

Privat brings you the most innovative wheels and styles in the industry with their new forward-styling 3-piece wheels. All three piece wheels are made in 19 and 20 inch diameters and are produced using the finest materials available. Custom offsets, spun aluminum chrome lips, and widths up to 11.5" provide the versatility for any vehicle to have a one off appearance.

All Privat's One piece wheels are cast using high quality A356 Aluminum. All Privat wheels are heat treated for maximum strength and machined to exacting standards. Privat continually exceeds style and design expectations because they would expect nothing but the best for their customers.
